

The Canyon News is the oldest business institution in Canyon. It has been serving the community well since 1896.

The News was judged the outstanding newspaper in Texas in 1942; again in 1950; and an outstanding weekly paper in the nation in 1943.

## Prexy Cornette Rode the Mule; W. T.'s Victory

Prexy Cornette rode the mule Monday!

When Dr. James P. Cornette came to Canyon he promised the Buffaloes that when the football team defeated Texas Tech he would ride a mule from one end of the Buffalo field to the other. The President made good his promise Monday morning.

College classes were dismissed, and a large group of towns people joined the faculty and students in gathering at the stadium to witness this event, and to congratulate the Buffalo team in their victory at Texas Tech Saturday night.

In spite of the rough treatment received Saturday night at Lubbock, alike to the Buffalo players, band members and visitors, the victory was a thorough and complete one. Tech was whipped on every hand, which possibly was reflected by the attitude of the Tech rooters toward the visitors.

Signs were torn from the busses which carried the Buffalo band to Lubbock, and red paint was used to discolor the busses.

Led by the Red Shirts, the cheer leaders of Tech, the band was attacked following the game, the American flag torn from its upholder and the staff broken. Only the presence of mind of the band members kept the damage to instruments and uniforms at a minimum.

Band Director Jerry Newman has sent a bill to Texas Tech for \$89.15 damage done by the rowdies to the band instruments. Had the members fought back instead of trying to protect their instruments, the loss would have been very heavy.

Texas Tech has a bill for \$800 damage done to decorations on the streets of Dallas by the Red Shirts, which seems to have turned into an outlaw group of students bent on destruction rather than clean sportsmanship.

Such lack of sportsmanship has never won any athletic contest.

Tech paid damages to W. T. when this group visited the campus in Canyon a couple of years ago, painting the buildings red before a basketball game.

## Shooks Return From Funeral of Their Son at Columbus, O.

Mr. and Mrs. J. W. Shook returned Sunday from Columbus, Ohio, where they were called a week previously by the death of their son, Roger, in a plane crash. They were accompanied by their daughter, Mrs. Shirley Loftin and her baby, of Borger.

Mr. Shook states that the engines of the plane had been overhauled and driven only about eight hours before the crash. Roger was taking home three New York men, leaving the private airport of his employer about 10:30 o'clock. The plane was only 50 feet off the earth when one of the engines cut out, and the machine fell, bursting into flames. The three passengers escaped, but Roger was either instantly killed, or burned to death in a few seconds.

## Child Dies as Result of Wreck on Hiway Near Tulia Tuesday

Barbara Thurston, 2½ year old granddaughter of Mr. and Mrs. Murphy Hurd of Amarillo, died in the Neblett Hospital Wednesday morning as a result of injuries received in an accident the previous evening near Tulia.

Roy Hise, 64, of Lubbock was driving south, and the Hurd car was headed north. Both started to pass other cars at the same time and crashed head-on in the middle of the highway. Hise was killed instantly. The child lingered until morning.

Both Mr. and Mrs. Hurd are in critical condition in an Amarillo hospital.

## Lt. Edith A. Neff Has Reported For Overseas Service

Lt. Edith A. Neff has reported to the Medical Corps at New York for overseas service.

She is the daughter of Mr. and Mrs. A. C. Neff of Happy. She was a nurse in the Fitzsimmons Hospital at Denver for more than a year.

Lt. Neff is a graduate of the Canyon high school and of Amarillo College.

Virginia Lamb and Sue Milton of Groom were week-end visitors of Katie Furlow and Shirley Dixon.

Have your flower bulbs fresh from Holland. Stevens Floral. 3243

## Parents Invited to Hear Guidance Authority Speak

Parents and teachers alike are cordially invited to hear Dr. Virginia Hufstедler, a member of the staff of the Institute for Child Study at the University of Maryland, who will speak in the High School Cafeteria on Thursday, October 12 at 7:45.

Dr. Hufstедler, who is appearing in a number of Panhandle towns, is being brought to Texas through the cooperative efforts of West Texas State College and the Hogg Foundation for Mental Hygiene of the University of Texas.

The address that she will make and the work that she is doing should have particular interest for the parents of this community because of their close relation to the Parent-Teacher course of study for this year, "Child Growth and Development."

## Right-of-Way on Highway 87 Will Be Cleared Soon

According to E. T. Cummings, city secretary, indications are good for an early settlement of all claims of property owners along the highway through Canyon. The city commission hopes that it will be possible for the state to let a contract for widening the highway before the end of the year.

G. B. Heath, who has been representing the city in making property adjustments, states that it is pretty clearly indicated that all damages will be settled out of court. So far only one local case has been taken to the jury of view and condemnation proceedings held. Appeal is pending on this case.

The jury of view set the damages on a few vacant lots in the south part of Canyon, and with unknown owners it is unlikely that additional court proceedings will be necessary.

## William R. Grady Is Freed in Court Trial Thursday

William R. Grady of Amarillo was freed by a jury in district court Thursday on the charge of murder without malice.

Grady was driver of the car which crashed into the rear of a truck parked on the highway while the driver was trying to free a family from another burning truck. Two persons were killed in the Grady car due to the accident.

The wreck occurred on May 28 north of Canyon.

## Steal a Car and Go to Pen; Kill the Owner - Goes Free

Evald Johnson, who admitted killing Tex Thornton in Amarillo, but went free on the murder charge, was convicted for driving away in Thornton's car, and sent to the federal pen for four years.

His wife was freed on four years parole.

Life is the cheapest commodity in the land.

## Kindergarten to be Opened Here

Mrs. Sidney Burgess and Mrs. Cliff Milnar are announcing the opening of a kindergarten on November 6. The hours will be 9:00 to 11:45 a. m. five days a week nine months a year. The kindergarten has the approval of Canyon Public Schools and will observe the same holidays as the public schools.

The kindergarten is not to be confused with a nursery school, a private first grade, or a play school. The objectives of the kindergarten are to link the home and school, to prepare the child for public school, and to teach muscular coordination.

Mrs. Burgess is a graduate of Oklahoma Tech, Weatherford, Okla. She majored in primary education and has had 6 years of teaching experience, part of which was in Amarillo.

Mrs. Milnar graduated from the University of Nebraska with a major in psychology and sociology.

Recently Mrs. Burgess and Mrs. Milnar have been observing and taking instructions from Mrs. Mary K. Blanton in the kindergarten in Amarillo. Mrs. Blanton will help them here.

### MARRIAGE LICENSE

Carl Anthony Klenskens and Helen Rose Hoffman, October 9

John Craig Bellah and Anna Fern Zimmer, October 5.

Build, Buy, Live in Canyon!

## Outstanding Man or Woman To Be Named in Canyon

The Chamber of Commerce will sponsor the selection of the Outstanding Citizen of Canyon again this year.

The selection will be made by representatives from the service clubs and organizations of Canyon. A plaque will be given to the person selected at the January banquet of the Chamber.

The plaque last year was won by Dr. R. A. Neblett, who was the unanimous selection of the group of citizens who had charge of the selection of the outstanding citizen.

The Chamber will close its year's work in January when new officials will be selected at the annual banquet of the organization.

## Invitations Are Being Mailed to Chapel Opening

Invitations are being mailed this week to all donors to the memorial Chapel on the campus to attend the formal opening on Saturday, October 21, which will be Homecoming day at West Texas State.

Dr. J. A. Hill, president emeritus of W. T., states that the chapel will be complete so far as the money available is concerned, but will lack some improvement due to the fact that funds are exhausted. He has received several checks during the past week to apply on this additional work but still lacks several hundred dollars in having enough to do the job as originally planned.

## Grand Prize of Treasure Hunt Delivered Tues.

Mrs. Carl C. Bostic of Etna, Pa., was here Tuesday to claim the grand prize in the 1950 Treasure Hunt of the Palo Duro State Park. This was a Chevrolet offered by the Plains Chevrolet Co. of Amarillo.

Mrs. Bostic was accompanied by her husband and two sons. During the summer while in California, Mrs. Bostic was urged by a former Amarillo citizen to drive back to visit the Park on her way home. She and her sons were on their vacation. She came, found a treasure hunt coin and registered her name with Mrs. John McCarty. When the final drawing was held in September she was the lucky winner. Notice of her winning reached her on Sept. 15, which was her birthday.

Mrs. Bostic is interested in art and was highly elated to visit the Palo Duro again Tuesday afternoon, driving the new Chevrolet. Her husband is a science teacher in the Etna high school and was greatly interested in the scientific aspect of the Park.

The Bostic family will leave Amarillo Wednesday, driving home the new car.

## Hospital News

E. R. Wirtz, surgical  
Kay Jones, surgical  
Mrs. J. Nell Cooper, surgical  
Alline Stocker, medical  
Mrs. Stella Murrell, medical  
Mrs. O. F. Thomas, medical  
Mrs. Crannell Tolliver, medical  
Mrs. J. R. Sharp, medical  
Frank Morgan, medical  
Pete Cooper, medical  
Evelyn Flemming, medical  
Austell Burrus, medical  
Jane Cole, medical  
Andrew T. Sartor, tonsillectomy

Mrs. Charline Horn and daughters, Adolyn Joyce, and Janell, from Levelland visited in Canyon Saturday. Mary Payne and Beverly Welch came with them; Mrs. Horn and girls, Mr. and Mrs. J. A. Wiseman, and Mrs. Olga Seales spent Sunday in the P. H. Woolsey home.

Mr. and Mrs. Otis Houpt of Tucumcari visited in the Leroy Moreland home over the week-end. Andy Moreland returned home with them to spend the week.

Mrs. Bertha Rhoades and M. E. visited in the home of her daughter, Mrs. Paul Lentner in Roswell, New Mexico, last week. They attended the Eastern New Mexico State Fair.

Mr. and Mrs. A. D. Prater and Rebecca Ann and Mr. and Mrs. G. W. Prater, Jimmy and Mary Helen attended a singing convention in Dalhart Sunday.

Sunday afternoon visitors in the Afton Williams home were Mr. and Mrs. Gwen Crossland of Amarillo, Vergie Haines and Bob Goble.

## Smaller Ballots Printed For the November Vote

A copy of the official ballot which will be used by the voters in the November election will be found in this issue of The News.

Ballots have been printed and ready for use of voters in Randall county who will be absent from the county on election day. Absentee voting may start on October 18.

This ballot lacks a whole lot of being the best sheet variety which has formerly confronted the voters of Texas. The names of only two parties will be found on the ballot, the Democratic and Republican.

The Texas law provides for two other spaces, Independent and Write-in candidates. There is only one Independent candidate, W. T. McGregor, who did not file as the Democratic candidate for County Surveyor. If any write-in campaign is to be staged in Randall county this year, the names of the proposed candidates must be written in the last column. However, so far there has been no indication of such a campaign.

The News also printed the ballots for Oldham county. Judge Charles Ingram and Clerk J. T. Singleton of Vega brought the copy for the ballots to Canyon Friday afternoon and the ballots were mailed to them Monday.

## Texas Tech Game Was Shown Tuesday at Rotary Luncheon

Dr. James P. Cornette was in charge of the Rotary Club program Tuesday. As his part of the program he introduced new members of the faculty, including those who had returned after leaves of absence.

Introduced were: Mrs. Mary Slinger, Dr. Margaret Barrett, Dr. Roy Reinhart, Wendell Cain, Cecil Boykin, Dr. William Presser, Zeke Marchant, Wallace E. McIntire, Leonard Britt, T. C. Brown, Mrs. Maxine Brown, Hatcher Brown.

Dr. Cornette explained that he would like to talk about the college, which shows a normal attendance this year in contrast to the decline in attendance in most colleges and universities, but he knew the club preferred to look at motion pictures taken at Lubbock Saturday night.

Coach Frank Kimbrough presented pictures of the Buffalo-Tech game, explaining as he went the various plays used by both teams.

Visitors were: Bill Dell, Arthur Osgood, J. E. Bowman Francis Brown, Jess Rogers, John McCarty, Herman Ford, Irving Tolzien, Carl Franz, George Aubach, R. S. Murrain, Roy Eastland, J. O. McGuire, Hubert Dowell, all of Amarillo; H. N. Benson, Hugh Bookout, Carl G. Sundeen, I. G. McCracken, Benny Jacobsen, all of Hereford; Bob Lindsey of Borger; Tom Hagan of Longview; Ross McKinney of Texarkana; Vincent Carroll of Laguna Beach, Calif.; Dr. Virginia Hufstедler of the University of Maryland.

## Three Buffalo To Be Secured For Palo Duro Park

Three live buffalo have been secured and will be brought to the Palo Duro State Park on Oct. 20. The buffalo will come from the federal game preserve at Cash, Okla.

Adequate facilities have been arranged for care of the buffalo in the Park, according to John McCarty, concessionaire.

## Waurine Walker To Be in Canyon

Waurine Walker, president of Texas State Teachers Association, will be in Canyon next week. On Monday night she will be guest speaker at Ladies Night sponsored by the Lions Club. During the week she will assist in the Future Teachers of America meeting to be held on the campus of West Texas State. She is an outstanding speaker.

### NOTICE

The Randall County Sing Song will be held at Fairview Sunday, October 15 at 2:30. Everyone is cordially invited.

Mrs. Paralee Witt of Amarillo spent the week-end in the G. B. Combs home. Mrs. Witt and Mrs. Combs are sisters. Mr. and Mrs. Combs returned home with Mrs. Witt to spend this week. During the week they will visit their niece and nephew Mr. and Mrs. A. F. Smith.

Mr. and Mrs. S. H. Murphy and son left Tuesday morning for Pueblo, Colorado, where they will make their home. Mr. Murphy has been in Pueblo for several weeks getting the house in order.

Mrs. Lee Foster is attending the Synodical, the State Meeting of Presbyterian Women, in Athens, Texas, this week. Mrs. Foster is the State Christian Education Secretary.

## Cooking School Is Postponed by WT Homecoming

The Cooking School has been postponed for a week!

The dates set for Oct. 19-21 hit on Homecoming day. These dates were set without anyone looking at the calendar for the coming events.

Because of the wide interest in this coming event, it is hoped that the postponement will not handicap this great event.

The new dates are set for one week later—Oct. 26-28, and it is believed that these dates will be acceptable to all who have been planning to attend this event.

## Parks Board Has Approved Work at Palo Duro Park

John McCarty has returned from Austin where he met with the Texas State Parks Board regarding the operation of the Palo Duro State Park for the future.

C. C. Small, representing the bond holders, and Fred A. Emery of Chicago were present and approved the action taken by the board for the interested parties in the outstanding bond against the park land.

The attorney general has approved the plans for paving the road, and at the meeting approval was placed on the document by the Park Board, by Mr. Small and by Mr. Emery.

Maintenance of the Palo Duro was approved as outlined by Mr. McCarty. More picnic units and better maintenance of the premises were approved as a good drawing card for the public.

## Bufs Out to Take Fifth Season Game

The Buffaloes will be ready to meet the University of New Mexico in the fifth game of the season Saturday night at the Sandie Stadium in Amarillo.

The Buffs have won three Border Conference games and one non-conference game. New Mexico has lost one game this season. Since the visitors are leaving the Border Conference next year this may be the last meeting of the two teams.

Advantage in weight is on the side of the visitors, who will have a heavier line and much heavier back field.

However, the Buffs will be out to keep a clear slate of wins for the year, and chalk up the fifth win of the season.

Game time will be 8 o'clock, and it is anticipated that a record crowd will witness the game.

## Borger Women's Club Visits Museum

The Women's Study Club of Borger spent Tuesday morning in the Panhandle Plains Museum. By request Dr. J. A. Hill was their guide through the Museum. He and Mrs. Hill and members of the visiting club were luncheon guests of Mrs. Bob Lindsey at the beautiful ranch home south of Canyon. This trip was the Club's observation of Texas Day.

## Stork Specials

Mr. and Mrs. Everett Culp are the parents of a baby boy born on October 5.

A son was born to Mr. and Mrs. Curtis Ellison on October 10.

Word has been received that Ray Murphy, son of Mr. and Mrs. L. A. Murphy of Excel, Texas, has been wounded in Korea and is in a hospital in Japan. Ray is a nephew of Mrs. Eugene Peppard. He and his family are former residents of Canyon.

Mrs. Myrtle Briscoe of Kerrville left Saturday afternoon after visiting a week with her mother Mrs. W. M. Amason and her sister, Mrs. Nora Fancher.

Miss Mary Frances Colwell, who is teaching in Eunice, New Mexico, visited in the home of her parents, Mr. and Mrs. W. B. Colwell over the week end.

Mrs. W. F. Wilson visited with her parents, Mr. and Mrs. W. S. Noland over the week-end.

Mr. and Mrs. G. E. Jones and Mr. and Mrs. R. P. Cason visited Mr. and Mrs. Ralph Chester in Borger Sunday.

## Fairview 4-H Club Girl Represents the Area at State Fair

Naoma Ruth Bryan of the Fairview 4-H Club represented District 1 at the State Fair Award of Honor dinner at the Baker Hotel in Dallas Friday evening, October 6. She was chosen from the candidates of the various counties of the Panhandle because of the outstanding work she has done in her five years as a 4-H club member. She was the guest of the State Fair Association while she was in Dallas.

She received a gold medal in the shape of Texas with "State Fair Award of Honor" on the face and her name and the year engraved on the back. One 4-H club girl and one 4-H club boy from each Extension Service District and one FFA girl and one FFA boy from each area made up the group that was so honored on this occasion.

While in Dallas Naoma also attended the State Fair on Rural Youth Day, Saturday the 7th.

Naoma was accompanied to Dallas by her mother, Mrs. Lester Bryan and her home demonstration agent, Miss Lou Ella Patterson.

## Decorations on Streets During Christmas Time

The Chamber of Commerce will sponsor the home decorations contest again this year at Christmas time.

A committee has been named to secure decorations of the town during the holiday period. It is proposed that street decorations be put up near the first of December in order to stimulate the Christmas spirit and shopping.

The town will be adequately lighted, and if practical other forms of decorations will be put up to dispense the Christmas spirit.

A Santa Claus event is being proposed for the latter part of November at which time live reindeer will parade through the streets of Canyon. This event has become popular in the Panhandle during the past years as practically all towns the size of Canyon have been visited.

## C. & M. Cafe Is Again Opened With Larger Capacity

After two weeks of remodeling, the C. & M. Cafe opened again Tuesday morning. During the process of remodeling, the room which was formerly occupied by the Canyon Jewelry was taken into the dining room of the cafe. This added 22 seats to the 30 which had been installed when the cafe first opened, making a total seating capacity of 52 seats.

Carl and Marie Hair are owners of the business. They are veteran cafe operators in Canyon.

## AAUW Women Meet Monday

The Canyon Chapter of the American Association of University Women met Monday night Oct. 2 in the home of Mrs. Joe Findley. Mrs. Ples Harper, president, presided over the group.

Two new members with European backgrounds are Mrs. Anna Paegle and Dr. Alma Snikeris who are both graduates of the University of Latvia.

Mrs. Geraldine Green, former WT dean of women, presided over an elegantly set tea-table.

The main speaker for the evening was Mr. Massey, recreational director for Canyon. Mr. Massey outlined the accomplishments of last summer stating that "the recreational department had served many children." He asked the AAUW Chapter to support one recreation in Canyon for the coming year.

Dr. Hattie Anderson of the WT history department and chairman of fellowships for the organization announced that one of the AAUW fellows would be here on November 5. She is Dr. Nell Knottenbelt of Holland. Dr. Knottenbelt is a young physician who came to Johns Hopkins University to do some post-graduate work in gynecology. She was one of twenty-seven to be granted an AAUW fellowship to enable her to make this study which she has now completed.

Dr. Knottenbelt has been given the opportunity of traveling from the East to the West coast and she will be in Canyon on November 5 on her way to New York City.

When Dr. Knottenbelt returns to Holland, she will head a clinic in Leydon University Hospital in gynecology.

Mr. and Mrs. A. M. Cunningham and family visited the Buel Horton family in Amarillo Sunday.

## Membership Call For Farm Bureau During Week

The Texas Farm Bureau Federation sponsored a radio program Tuesday morning in connection with their annual fall membership round-up. Governor Allan Shivers was featured on the program. J. Walter Hammond, President of the Texas Farm Bureau gave a short history of the State organization and discussed some of its activities.

The Farm Bureau is a Nation wide organization of farmers with a membership in Randall county of about 600 farm families.

A great deal of attention has been focused on the Farm Bureau in the past year or so because of its opposition to the so-called Brannan plan of supporting farm prices by making production payments to farmers. The Farm Bureau has always been opposed to subsidy payments from the Treasury as a means of supporting prices to farmers or any other industry except where absolutely necessary in the public interest.

The American Farm Bureau Federation is made up of 45 State organizations. The State organizations in turn are made up of county units. The county units are made up of community Farm Bureaus.

Farm Bureau week is being observed in Randall county by a general round-up of membership. Committees working in the various communities hope to exceed the present membership quota of 606 members. This work is under the direction of G. A. Dietz, Membership Chairman for the county.

## Another Recreation Talent Show to be Held Saturday

Saturday morning at 9:30 in the Olympic Theater is the time and place for another talent show and free movie sponsored by the Canyon Community Recreation Program. The show for this week promises to be a good one. Already there are two trrios, one of boys and one of girls, scheduled to appear. Any boy or girl who would like to perform on this talent show is asked to contact Vergie Haines at 41 or 455W. There is still room on this week's program for a few numbers.

Rehearsal is scheduled for 4:00 p. m. Thursday afternoon, October 12, in the Olympic Theater. Every participant in Saturday's program should be there with his or her music.

Since the opening of school, the talent show is being held only once a month, the second Saturday in the month.

## Albracht Boy Died Friday, With the Funeral on Monday

John Math Albracht of Umbarger died Friday night following a serious illness of cancer. The boy, only 3 years and 9 months of age, suffered from a cancer. His case was among the most unusual in this section. He has been under treatment for the disease for several months.

The funeral service was held Monday morning at St. Mary's Church in Umbarger. Father Andrew Marthaler officiated. Interment was in the Catholic Cemetery under the direction of the Griggs-Warren Funeral Home.

Greg Hoeltling, Alfred Pohlmeir, Ray Gerber, Tony Gerber were pall bearers. The casket was carried by four small boys from the community.

Survivors are the parents, Mr. and Mrs. Math Albracht; two brothers, Joe and Bill; three sisters, Shirley, Peggy, Mary; the grand parents, Mr. and Mrs. Joe Albracht and Mr. and Mrs. Mike Gerber.

## Harris M. Cook In Critical Condition

According to a letter from Mrs. Harris M. Cook, Dr. Cook is in critical condition at the Veterans Hospital in Biloxi, Miss. He suffered a severe stroke in July and has had several slight strokes since, with complications. He cannot talk or walk, but his mind is clear and he enjoys seeing and hearing from his friends. Dr. Cook is a former member of the W. T. faculty.

Joe Cook, son of Dr. and Mrs. Cook, is in the Marine Corps and is making a fine record.

Mr. and Mrs. Charles Marshall were Sunday dinner guests in the home of her parents, Mr. and Mrs. Clarence Stallings.

Mrs. P. L. Pitts and Mrs. A. B. Berry visited Mrs. Guldell Woodburn in Amarillo Sunday.

Have your flower bulbs fresh from Holland. Stevens Floral. 3243

## EDITORIAL COMMENTS

## Medical Profession Takes Stand Against Socialized Medicine

We have with us this week another phase of our national life. We hope that the readers will look over this issue of *The Canyon News* and accept something that they have never seen before. The medical profession is carrying a half page advertisement in this issue, devoted to its fight against socialized medicine. The profession has raised a huge sum of money for the purpose of keeping the medical profession out of the hands of the government.

The newspapers of America are going all of the way in this fight. We have not seen where a single newspaper has lifted a hand in support or even in sympathy for the demands of the White House that some bureau take over the regulation of the doctors and tell them how they should run their business. Can you see that some Missouri ward politician would be running the medical profession, rather than some distinguished physician, if Truman is able to put over socialized medicine?

England has embarked in this trend of socialism, and is making a terrible blunder of the whole affair. Instead of getting medical aid when the patient needs help, he is forced to submit to the dictates of the bureaucrats who hold the patient where and how he should be treated.

The *News* is opposed to all this socialization. We do not want the government to step in and run our business. Yet we cannot help but realize that this is an entering wedge. If the government succeeds in taking over the medical business, it will not be long before it will take over the newspapers, the lumber yards, the grocery stores, and all other lines. The bureaucrats are after power, more power, and MORE POWER. There are a lot of ambitions in Washington who believe that no one in America is capable of running their own affairs, except the bureaucrats.

Let us call your attention to a fact, in which some doctors are well aware, and others should be warned. The medical profession has brought all of this tragedy on itself. It adopted a silly code of ethics—silly to the newspapers at least—whereas no doctor could even carry a professional card. The dentists, the optometrists, the lawyers, and whole hordes of other professions, rushed under the protecting wing of the government and demanded that they be "saved" the few penalties they were spending to inform the people of their professions. The newspapers have responded by helping them in their fight against socialism. The next step will be the complete control of these professions which have sought government protection in a small way.

We are issuing this as a warning. Unless you want the government to take over, better get your trades or professions out from under the control of the government. If you believe in the freedom of America, the American way of life, better see to it that your profession remain a free one.

The biggest argument that is being made against these so-called little monopolies is the excessive charge that it made by professional men for their services. As a class professional men are no smarter, or have no more wisdom, or have been to any more expense in their training than those in other professions or lines of business which have in the past and will in the future fight any encroachment of government control in any line of business.

Better get wise, and keep government control away from your business or profession, if you wish to survive.

## Thanks a Lot For the Many Kind Words About Newspaper Week

Never before has *The Canyon News* been so sincerely complimented on an edition as it was on last week's paper, devoted to 11th Annual Newspaper Week. This idea has been a sort of hobby with the publisher, but in years past few people have had anything to say about the annual editions which we have published upon this occasion.

Perhaps there is a reason. Maybe the people of Randall county in 1950 are more "newspaper minded" than in past years. We hope that they are more "Canyon News minded" than ever before. Perhaps there is a reason.

The *News* won top honors at the annual convention of the Texas Press Association in June. Then came the 40th anniversary of the publisher as creator of this newspaper. We shall never get over the line compliments paid to this humble servant of the people of Randall county. This was followed by the Newspaper Week edition, which was a sort of climax to the events of the year.

The *Newsman* was complimented by being called upon for two newspaper speeches last week. Of course we would have been able to make a better talk to a Lions Club or a Rotary Club, but had to be satisfied with the Korean Clubs of Tulsa and Heidelberg. You know a fellow sure gets pulled up when he is called upon to make a talk, especially away from home. There the folks do not know him, and all his weaknesses, and therefore he is able to do more bragging than he can at home, where he is well known.

At any rate, we had a good week. If we live until Sunday we shall be 65 years of age, more than 40 of those years have been spent among the finest people on earth, and we are most grateful for their kindly spirit of co-operation and understanding.

The military services are calling young men to arms, but so far, nobody has ever been able to figure out a plan to mobilize business for the service of the nation.

Speeding automobile drivers may save a little time over those who obey the traffic laws but has anybody ever found out what they do with the time saved?

Any ideology which binds men and women to accept conclusions, except upon the basis of their own reasoning, shackles the freedom of mankind.

Justice Jackson of the U. S. Supreme Court, is right when he says that no man should be punished for his opinions but only for his acts.

What has become of the old-fashioned farmer who regularly returned thanks to God for the harvest of the year?

Human beings waste a lot of time trying to appear important to others who know they are not important.

Somebody says that everybody gets enough heat, the rich in the winter and the poor in the summer.

Monkeys are not the only monkey that eat peanuts.

## "Do Nothing Congressman" Is a Tag Being Branded on Ben Guill

A good Democrat, who always votes the ticket straight—regardless even in the face of advice of such noted Democratic presidents as Cleveland, Wilson and Roosevelt—reminded the other day that he was going to support Walter Rogers, since Ben Guill had done nothing but gripe about conditions that he found in Washington.

That may be a good theory, but what about Rogers? Wasn't he nominated on the strength of his opposition to the White House? Didn't he refer to Adlai Stevenson as the "Washington candidate"? Didn't he criticize everything that has gone on in Washington—from the outside instead of from the inside, would he ever had a chance to be on the powerful agriculture committee, in which Ben Guill has been appointed? Has there ever been a Congressman from this area who has been so highly praised by Ben Guill as Rogers? Has Ben Guill, has not Ben Guill been accepted as a member of the Texas delegation, voting with them, and being in constant touch with all of them on matters of Texas as well as national importance? Isn't the White House opened the door for just criticism, and Guill has taken over?

Guill may be a turn-out Democrat, who has been untrue to his party, as some Democrats have consistently charged. But what about Rogers? Has he not criticized the administration as vehemently as has Guill?

Texas sent one free lancer from Texas in the person of Pappy O'Daniel. If elected Rogers would either have to bow down to the administration and to its bidding, if he ever landed anything for the Panhandle, or continue the role of lone wolf.

Since Ben Guill is a political accident, coming from a district which does its own independent thinking, we believe that he has a good chance to stay in Congress. However, as we have pointed out time and time again, Guill already has two strikes on him because of the silly pledge that the Democrats seek to impose upon the voters. They paid no attention to this pledge when they voted for Hoover, and downed Al Smith. Maybe the voters of the Panhandle, are a little more intelligent than the balance of the voters of Texas and will vote for the man and not for the pledge on the Democratic ballots.

## Communism and Christianity Can't Live Together in the World

In speaking down at Tulsa last Tuesday on the 11th Annual Newspaper Week, the *Newsman* referred to the work of the communists and the work being done by the press to combat their efforts.

At the close of the Keweenaw luncheon, a returned missionary from China took the floor and remarked in a very short statement:

"I wish that all of you men could have seen behind the iron curtain like I have. I hope that you will never suffer the consequences of being insulted and abused by the Reds as I have been in China. They are brutal in the extreme. I want to say: Communism and Christianity cannot exist together in our nation; in any other nation; or on the face of the world. One or the other must go."

We wish that this missionary might have had more time. We didn't know of his presence or his work until at the close of the meeting.

The *Canyon News* has been buying a cartoon service for about a year with the idea of combatting communism. Sometimes we have wondered if the money we have paid for this service has not been wasted. Yet when we realize the indifference of the average citizen to the communists, and how they are threatening to take over this nation through this indifference, we are persuaded that we should continue, week after week to picture the work of the communists.

The necessity for action on the part of the government in combatting communism, while our President was referring to the head of the dastardly head as "Good Old Joe," is more and more understandable.

When the White House wakes up to the danger of inroads of communism in this nation, we shall all sleep sounder.

## North Korean Reds Will Face United Troops on Own Ground

While the Reds of North Korea have tucked their tails and rushed back home, the 38th parallel will not be such a shelter as they had hoped for when they started their fight against those of the South. The United Nations has given its consent for General MacArthur, generalissimo of this organization, to proceed until the Reds are thoroughly whipped.

Naturally this is not a United Nations army which MacArthur has in the field, but a United States outfit, plus South Koreans who are taking advantage of our victory to get even with their neighbors who are commanded from Moscow.

The cold facts are that Uncle Sam will pay the expense of rebuilding Korea. We made the silly mistake of agreeing to a division of Korea in order to satisfy Stalin when he traded us out of our shirt. It is too bad that we ever agreed to all of the silly provisions exacted from us in order to keep Russia in the war. We could have whipped Hitler while his armies were split, with a huge force in Russia.

There is no use crying about the mistakes of the past. The main thing we are interested in just now is keeping Truman from meeting Stalin, in which case we would be traded again out of our other shirt.

The thing just now is to hope and pray that MacArthur has another scheme worked out whereby the MARINES may again whip the Reds of North Korea in a short time. (The Marines will probably become a respectable outfit even in the eyes of the President after a few more victories).

No law enforcement officer should wink at the violation of a law, regardless of who happens to violate it or for what reason.

This might be a wonderful world, with millions of nice people, if men and women would mind their own business.

The great trouble about helping a man who asks assistance is that he will be back the next week for more help.

Men are divided into two classes: those who like women and those who are afraid of them.

If you are worried about taxes in 1950, you can start thinking about what they will be in 1953.

Work may be a great blessing to man but there are times when we have some doubts.

## WHO KNOWS

1. When did the autumnal equinox begin?
2. Name the "Four Freedoms" as defined by President Roosevelt's speech in Congress on January 4, 1941.
3. What members of the U. S. are known as the "Boston Five"?
4. What Indian tribe is identified only with Florida?
5. What government celebrated its second anniversary on August 10?
6. When was John G. Adams Secretary of State?
7. What is the total population of the Atlantic East members?
8. Caracas is capital of what country?
9. Identify the E. E. A.
10. When was the U. S.-Mexican war fought?

(See "The Answer" on page 7.)

John A. McCloy, High Commissioner for Germany, related pressure to accept the job of Deputy Secretary of Defense at home. In Germany, he is a No. 1 "big shot," wielding great power while as Defense Deputy Secretary he would have been doing the hard work while the glory and power went to George Marshall as Secretary.

## Stoelzing Has Smaller, Better Orchestra Planned

Lighter popular numbers and a charmed string section will highlight Lewis L. Stoelzing's 1950-51 College Orchestra. Stoelzing announced that the Orchestra, which is smaller in size but better in quality than in the past, will feature the string section in all concerts.

Two string quartets will be special attractions on the program. The quartets will appear in other seasons as well as with the orchestra.

First engagements for the Family Chorus will be the dedication of Memorial Chapel on Homecoming Day. The chorus is composed of Lewis Stoelzing, first violin; Herbert O'Connell, second violin; Dr. William Presser, viola; and Dan O'Connor, cello.

"Singing a la Mode," a student quartet, appears also on Homecoming Day at a dinner to be given in

the cafeteria. Members of this group are June Wimberley, first violin; Wayne Hinds, second violin; Margaret Hand, viola; and Bill Larson, cello.

Students and faculty members in the string section of the orchestra are: first violin: Al Clark, June Wimberley, Donna Wilson, Wayne Hinds; second violin: Margaret Hand, Bonnie Bader, Sylvia Van Alstine; viola: Robert B. Johnson, Bill Johnson; cello: Dr. William Presser, M. J. Newman, and Joe Findley; cello: Bill Larson and Dan O'Connor; bass: D. P. Walker.

Senator Herbert E. Lehman, of New York, is somewhat alarmed by evidence of political strength of his Republican opponent, Joseph R. Buckley. The Senator hopes that President Truman will give him a lift with a campaign speech in New York State.

Senator Robert A. Taft, of Ohio, meant it when he said that he would not seek the Republican nomination in 1952. Senator Taft's ambition at this time is limited to success in his

campaign for re-election, which is costing more of an ordeal than expected. Issues of Mrs. Taft influence the Senator's attitude toward his political future.

## Commies As a Political Party Has No Rights

The problem of whether, in a free society, we should make membership in the Communist party illegal clearly involves deep questions of principle. Many non-Communists feel that it would establish a precedent of great potential danger. Many others feel strongly that Communism at home is as great a menace as Communism abroad and cannot be tolerated.

An extremely interesting contribution to this controversy has been provided by Justice Robert H. Jackson of the Supreme Court. It is found in an opinion written by him in a test case before the Court concerning the constitutional validity of that provision of the Taft-Hartley Act which requires that officers of a labor union file an affidavit that they are not members of the Communist party.

Mr. Jackson opened his opinion with these words: "If the statute before us required labor union officers to forswear membership in the Republican party, the Democratic party, or the Socialist party, I suppose all agree that it would be unconstitutional. But why, if it is valid as to the Communist party? The answer, for me, is in the decisive difference between the Communist party and every other party of any importance in the long experience of the United States with party government."

The Justice then went on to point out five distinguishing characteristics of the Communist party which place it in a unique position. In each case, he elaborated at length on these points which, in brief form, are as follows:

1. "The goal of the Communist

party is to seize powers of government by and for a minority rather than to acquire power through the vote of a free electorate."

2. "The Communist party alone among American parties past or present is dominated and controlled by a foreign government."

3. "Violent and undemocratic means are the calculated and indispensable methods to attain the Communist party's goal."

4. "The Communist party has sought to gain this leverage and hold on the American population by acquiring control of the labor movement."

5. "Every member of the Communist party is an agent to execute the Communist program."

Mr. Jackson, of course, was dealing with a specific provision of one law—not with the proposition of whether the Communist party could be declared illegal. However, the points he laid down are, in general, those which have caused many thoughtful people to conclude that American Communism, with its foreign allegiances, is too great a danger to the nation to be permitted to exist. The evidence is now overwhelming that its sole purpose is to destroy this government and that the Kremlin calls the tune to which it dances.

Ernest Bevin, Britain's foreign Minister, holds to the view that Britain still might play the role of "honest broker" between U. S. and Russia in seeking settlement of some of the world's big problems. U. S. diplomats remain convinced, however, that no deal with Stalin can mean much unless backed by dominant force.

President Truman is being told that victory in Korea will be translated into at least one or two Senate seats for the Democrats that might otherwise have been lost and into as many as 10 seats in the House. The President is much more hopeful of retaining control of Congress after November 7.

Gen. Douglas MacArthur and other U. S. military planners are not anxious to wage a winter campaign in Northern Korea where temperatures plunge far below zero and winds are high. U. S. would prefer to occupy a few key North Korean cities and then have the United Nations take on the remaining military problem.

"Not only do heavy excess profits taxes destroy incentives but they encourage waste and inefficiency," Robert E. Wilson, Chairman, Standard Oil Company (Indiana).

Jackson Martindell, management official: "We have been afraid to take the risks our forefathers took—and took for granted."

Ben C. Limb, Foreign Minister of the Republic of Korea: "I don't think that, because of this (Korean) war, there will be other wars."

Harold J. Gallagher, president, American Bar Association: "We are witnessing the twilight of our state governments."

Louis Johnson, former Secretary of Defense: "In the early phase of battle, the advantage is always with the aggressor."

## An Eruption Soon?

### The Winner

A reveler went into a cafe in New York where you put a coin in a slot and food comes out of a machine.

He put a coin in one of the slots and a piece of pie shot out. Then he put in another coin and another piece of pie came out. This went on

until he had about 14 pieces of pie, when another customer approached him and said: "I say don't you think you ought to stop?"

The reveler replied, "What, when I'm winning?"

Help Keep Canyon Clean!

## No Bargain Rates on Amarillo News For This Holiday

There will be no bargain subscription rates on the Amarillo News this year, according to announcement made by the circulation manager.

"Our subscription rate of \$13 per year is the lowest rate of any daily in the country, considering the size and quality of the paper. The scarcity of news print; advanced prices of print; and the increased cost of production, labor, postage, ink, and everything which goes into a newspaper, makes it impossible for us to put on the annual bargain rate," was the answer given the Canyon Newsman in answer to a question in regard to holiday rates.

Citizens of Randall county may secure the Canyon News and Amarillo News for \$14.50 per year; those living outside of Randall county will pay \$15.00 per year for the two papers.

In order to avoid confusion at the end of the year subscribers should send in their renewals at once.

### Logical

Pat, a truck driver, stopped suddenly on the highway. The car behind crashed into the truck and its owner sued the Irishman.

"Why didn't you hold out your hand?" the judge asked Pat.

"Well," he said indignantly, "if he couldn't see the truck, how in hivin's name could he see my hand?"

Ethel: "But, Papa, he says he cannot live without me."

Father: "Tell him to think up a new one. I told that to your mother."

Russians demand Western Berlin lift ban on Communists.

# Who Runs America?

**RUNNING AMERICA** is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

**IN MUCH OF THE WORLD** today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

**FREEDOM COMES UNDER ATTACK.** The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

**THE PEOPLE WEIGH THE FACTS.** In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

**THE "GRASS ROOTS" SIGNALS CONGRESS.** In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs  
American Farm Bureau Federation  
National Grange  
Veterans of Foreign Wars  
National Conference of Catholic Charities  
American Protestant Hospital Association

American Legion  
National Association of Small Business Men  
United States Chamber of Commerce  
National Association of Retail Grocers  
National Retail Dry Goods Association  
American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

## THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today

in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

## E. Calvin Dawdy Pauline E. Vore Are Married

Mr. and Mrs. James Chester Vore of Clarksville, W. Va., announce the marriage of their daughter Pauline Edith to E. Calvin Dawdy, son of Mrs. Mary C. Dawdy of Canyon.

The wedding was an event of September 22 in the Catholic Methodist Church, Columbia Road, N. W. with Dr. Oren G. Robinson officiating.

The bride was attended by Miss Dorothy F. Brown of Clarksville, W. Va. and the best man was Cpl. William Kost of Tampa, Fla.

Mrs. Dawdy is employed as a draftsman by the Bureau of Reclamation, Dept. of the Interior, Washington, D. C.

Mr. Dawdy is employed as a bookkeeper by the E. Morrison Paper Company of Washington, D. C. He is a graduate of Flatview Senior High School and a former student of West Texas State College.

The couple are residing at 1809 Belmont Rd. N. W. Washington, D. C. after a trip to New York City.

## KANDALL COUNTY R. D. COUNCIL MEET MONDAY

The Randall County Home Demonstration Council met Saturday, October 7, in the regular meeting room with all officers present and thirteen clubs represented. Mrs. W. C. Angel presided.

In the business session, Mrs. Frank Simon, yearbook chairman, announced that the names of all officers and demonstrators for next

year must be in by November Council. At that time, also, annual reports from all officers and committee chairmen will be given.

A nominating committee composed of Mrs. Ralph Rutherford, Mrs. Earl Barta, and Mrs. Jimmie Hartnett will meet Wednesday morning, October 11, in Miss Patterson's office.

In the absence of Miss Patterson, Miss Joan McCullough made the announcements from the office. Friday, October 13, at two o'clock will be the meeting time for the flag making training school. Every club should have a representative at this meeting. All committees are urged to have some program for United Nations Day, October 24.

The next council meeting will be Saturday, November 4.

## DALE PITTS HONORED WITH PARTY ON EIGHTH BIRTHDAY

Mrs. Shirley Pitts honored her son Dale with a party in his eighth birthday Friday afternoon. After several lawn games were played, refreshments of cake and punch were served to Duane Clay, Ronnie Hughes, Jacinta Burnett, Nancy Clewinger, Sharon Mills, Carolyn Davis, Gary Thurmon, Jimmie Hocking, Peggy Morpitt, Tommie Joe Platt, Bobby Joyner, Theresa and Layne Joshy and the honoree.

Mr. and Mrs. John Bell, Jr. of Arlington, Colorado, arrived Monday afternoon to visit in the parental home. Mr. Bell returned Tuesday evening to close their place for the winter.

Mr. and Mrs. Chris Woodin and son Gary of Seminole were week-end visitors in Canyon.

## FINDLEY REVIEWS "PLAY THERAPY" FOR SUE HITE CLUB

On Monday the Sue Hite Club met in the Club Room of the Museum. The meeting opened with the reading of the collect. President Mrs. Herschel Coffey was in charge. During the business meeting a letter and poem written by Mrs. J. A. Hill were read.

In the absence of Mrs. Mitchell Jones, Joe Findley reviewed the book "Play Therapy" by Virginia May Axline. The following are thoughts from the book: Children are not bad; they are maladjusted; children with emotional difficulties. The author says that each child has in his own make-up a solution to his own problems.

Those present were Mesdames Frank Barnhill, R. D. Wheelock, Oscar Singer, M. J. Newman, Larry Hillman, W. F. Haggard, Perry Bell, W. A. Moore, Charles E. Wright, Gordon Price, Travis Smith, Bud Prichard, W. E. Miller, Virgil Benson, Hancher Brown, Dan O'Connor, E. R. Clewinger, Levi Cole, Sidney Burgess, Cliff Milner, Lord Devin, Crews Henry, Boone McClure, Andy Walsh, W. A. Miller, S. B. Slack and Robert Jarrett.

The next meeting will be Oct. 23 in the film room at West Texas State College. A travel film, "Alaska's Silver Millions," will be presented by Mrs. M. J. Newman.

West Texas Gas Company announces a new closing time for Saturday. Instead of closing at 1:00 p. m. on Saturday, they will close at 12:00 noon.

Have your flower bulbs fresh from Holland. Stevens Floral. 2242

## District Workshop Aids and Challenges English Teachers

The English Workshop for District IX held at Amarillo College Saturday was certainly worthwhile for everyone who attended.

Sponsored by the State Committee on the Integration of College and High School English, the Workshop opened with a coffee in the reception room of the Arts and Commerce Building. Mrs. Hazel Davis, Amarillo Senior High School chairman, presided at the morning session which followed in Recital Hall. The group was welcomed by Dr. A. M. Meyer, president of Amarillo College. Mrs. Yada Bain Hall of Amarillo Senior High School reported on highlights of the National Council Report.

This reporter was especially impressed by the practical nature of the theme and of the ideas exchanged in the discussions. The theme, Coordination of Writing and Grammar in the English Program, was approached from three levels: college, senior high school, and the junior high school. Speakers for the respective viewpoints were Daniel O'Connor, West Texas State College; Mrs. Lulu B. Owen, Pampa High School; and Mrs. E. A. Kimmins, San Houston Junior High School. The time allotted each speaker included 15 minutes for discussion.

After luncheon in the College Cafeteria, the group returned to Recital Hall for the afternoon session. In the short business meeting conducted by Mrs. Hazel Davis, Miss Helen White Moore was elected College Chairman, and Miss Beulah of Amarillo Junior College was elected College Secretary.

Miss Louisa Grace Erdman introduced the guest speaker, Dr. Audrey Neil Wiley, Director of the department of English at Texas State College for Women, who commended the group for the good, practical suggestions brought out in the morning discussions. Speaking in "The English Teacher's Journal," Dr. Wiley's address contained a message for every parent as well as every English teacher. She stated "English begins at home; the children's first English teachers are their mothers and fathers." She went on to say that English teachers need help, more home work in the grades, home work in which both the parents and the child would study. Dr. Wiley stated that one fifth of the errors which most frequently prevent college graduation are errors that should not survive past the sixth grade.

English teachers are imparters of light and understanding. As such they must not place undue emphasis on either teaching the subject or on methods of teaching the pupils. They must learn the principles of teaching both and must be forever learning.

Dr. Wiley suggested a statewide program against certain errors in usage from the elementary grades upward. Always and especially in a program of such nature the English teachers must have the aid of parents and all teachers.

Stating that the simple sentence is itself a bit of art, Dr. Wiley stated her belief in the need for creative teaching. Tests and workbooks have not proved satisfactory because students will give the correct answer in objective forms and still write and speak defective English. Tests for securing fact to measure personal attributes such as industry and a desire to learn. "Workbooks and standardized tests will never win teachers immortality."

"English is more than a task; it is an art. In the beauty of speech and writing lives the English teacher's immortal. The subject is eternal as the teacher," concluded Dr. Wiley.

Have your flower bulbs fresh from Holland. Stevens Floral. 2242

Rev. T. Winston Wilbanks, pastor of the Presbyterian Church, and Guy Hays, representative from the district of Presbyterians, are attending the Synod, the State Meeting of Presbyterians, meeting in Atlanta, Texas, this week.

## WESLEY BIBLE CLASS MEETS WITH MRS. HUNGATE

On Wednesday, October 4, the Wesley Bible Class of the Methodist Church had an all-day meeting with Mrs. Hungate Senior in her country home. The hostess wore a sheer frilly apron.

Mr. and Mrs. Harry Hungate and Rev. and Mrs. Herschel Thurston transported the guests to the meeting place.

After the bountiful dinner, the group inspected the two houses and had a sing song of fine old hymns. The topics of discussion ranged from the Korean situation to "my first cooking experience." The meeting was closed with a circle of earnest prayer.

Present were Mesdames Blanche Haines, C. Shuman, Ira Jenkins, R. E. Foster, J. A. Wiseman, L. L. Gord, L. J. McGeehee, Estelle Brasel, Miss M. Miss Richardson and Sallie McGeehee. Mr. and Mrs. Harry Hungate, Rev. and Mrs. Thurston, and the hostess.

John Hunter, John McBride, and Chester Reynolds attended the 11th Safety Meeting of the West Texas Gas Company in Lubbock last Thursday.

Mr. and Mrs. Gene Root and Nancy visited Mr. and Mrs. James Richardson in Vernon over the week end.

Mr. and Mrs. W. C. Black attended the wedding of her nephew Len Davis Jr. in Dallas Saturday night. Mr. Davis married Florence Cates.

The Central Home Demonstration Club will meet Friday, October 13 at 2:30 p. m. in the home of Mrs. Fred Marshall.

Mr. and Mrs. E. L. Shepard attended the Rowland Musical Review in Amarillo Sunday, sponsored by Dunnington Studios.

## BLIND PROVIDENCE

# Dead Man Upsets Boat

MILWAUKEE, Wis. — The most unusual boating accident of the year was caused by a dead man. And a 72-year-old blind man was credited with saving the life of his nephew. It happened like this:

Le Roy Scott, 61, of Woodstock, Ill., John Hill, 72, and his nephew, Ronald Hill, 54, both of Milwaukee, were visiting in Palmyra, Wis. The three obtained a 14-foot rowboat and went blue gill fishing on Blue Spring lake, about two miles southwest of Palmyra.

"At first we just rode around the lake," said Ronald Hill. "I operated the outboard motor. Le Roy was sitting in the bow seat and John, who is blind, was in the middle seat. Then we anchored and started fishing."

**Boat Capsizes**  
A half hour went by. Ronald and John Hill caught a few pan fish. "Suddenly Le Roy just slumped over," Ronald Hill said. "He didn't say a word. His body stayed in the boat, but his head went into the water and his shoulders were over the side of the boat. The boat tipped that way, and it shipped water. My uncle and I leaned the other way. Then the boat capsized."

Ronald Hill could not swim a stroke. Blind John Hill, once was a strong swimmer, but had not been in the water for years. Both came up sputtering. John grabbed in his world of darkness and found the boat. Ronald was fortunate enough to grasp it when he first came up. They hung on, but the boat kept turning.

**Went Down Once**  
"My uncle saved my life, not once but several times," Ronald said. "I lost my grip on the boat a couple of times, but I hung onto him until I got back to it. Once I went down, but my uncle reached down, grabbed me by the arm and pulled me to the surface."

There was no sign of Scott. His body disappeared when the boat tipped over.

The men were in the water about 20 minutes. Several boats were near but none answered their call for help. Finally a boat reached them, but did not have room to take them aboard. The Hills hung onto the gunwales and were pulled to shore.

Firemen and volunteers found Scott's body about half an hour later. The coroner reported no water in Scott's lungs, indicating that he had died of a heart attack before touching the water.

## Race of Human Giants Predicted by Scientists

STOCKHOLM, Sweden—The possibility of producing a race of human giants, twice the size of present man, has been announced following experiments by three Swedish scientists.

The scientists said that in three years they had produced gigantic rabbits double the size of their parents and that they are now experimenting on pigs. Next they will try cows.

They emphasized that their results were only preliminary and that much research was still necessary before the sensational possibilities could be applied to the breeding of domestic animals.

Goesta Hafggovit, one of the scientists, said human beings might be bred in giant form some day, but he warned that it would be a long time before scientists could even begin to consider the idea.

Ten to 15 rabbits weighing about 12 pounds apiece have been bred from parents weighing only 5½ pounds each.

"When we get to cows," he said, "the potential results will mean an enormous step forward, both in science and economics."

Melander said the biggest step in current research was still ahead because the giant rabbits are sterile.

The scientists said they had succeeded in increasing the number of chromosomes — heredity-bearing bodies—in mammals for the first time.

## 14-Year-Old Charleston Boy Builds Flying Saucer

CHARLESTON, W. Va. — There is such a thing as a flying saucer. Joe Ward, 14-year-old Charleston youth, who has heard so much about the saucers recently, decided he could and would build one.

He made it. And it flies. The youth is a model airplane builder of years standing. Intrigued by the thought of a flying saucer, he started out to make one. He had no model to work from.

He wound up with a doughnut shaped contraption made of balsa wood and silk. It was equipped with a motor, flaps, landing gear, wheels and propeller.

The boys of his gang scoffed at the idea that the contraption would fly. So did his father, who bet Joe two cans of gasoline that the saucer would be a flop.

The pay-off came at a large cinder plant field near the duPont plant. The saucer, attached to 50 feet of wire so that it would not be lost, not only flew but looped, hovered, circled and dipped.

Joe now has plans for a larger, radio controlled saucer that would put the last of the skeptics to rout.

## Radioactivity

### Death Without Noise

WASHINGTON — An invisible dust of radioactive "death sand" could spread over a city and kill its population by radioactivity without the noisy warning of an atomic bomb says Dr. Louis N. Ridenour, dean of the University of Illinois graduate school.

What would be done would be to collect the debris of smashed uranium atoms from atomic "furnaces" in which fissionable material was being "burned." About a dozen of these fissionable products would be useful in warfare.

Very fine sand would be coated with these radioactive poisons and spread very thinly over the area where it was desired to wipe out life.

The person in a poisoned area has no way of knowing that he is in danger either by the evidence of his senses or by any unsophisticated tests. He may receive a lethal dose of radioactivity before he knows that he is endangered, and yet a few days later he may die.

## Guided Missile Is Success in First Horizontal Test

COCOA, Fla. — The pushbutton war of the future may not be as far off as most people believe. The first successful flight of a guided long-range missile was made at the Army's proving ground recently.

A huge German V-2 rocket carrying a smaller missile piggy-back made a thunderous climbing turn over the Atlantic. The V-2 got up to 2,700 miles an hour, and the smaller nose-mounted missile, called the Wac Corporal, went even faster—perhaps 5,000 miles an hour. Its performance is a military secret.

The two rockets, standing 60 feet from the ground to the "Wac Corporal's" nose, rose in a burst of flame that brought the sound of a thunderclap.

From zero to 1,000 miles an hour was a matter of seconds. The two-stage projectile still spewed orange flame as it pierced a high cirrus cloud and disappeared. On the cloud an ominous black shadow appeared—the shadow of the vapor trail.

Power stayed on the V-2 only a minute. In that time 10 tons of liquid oxygen and alcohol were consumed.

Gyroscopic controls took effect soon after the vertical climb began and the thundering missile bent its path toward the sea. It was approaching a horizontal course as it disappeared.

At 51,000 feet after only a minute and 20 seconds of flight, the "Wac Corporal" separated from the bigger rocket and sped away eastward on its own. How far it went wasn't immediately known. The intended range was in excess of 175 miles.

The V-2 then traveled at 2,700 miles an hour. The speed of the smaller missile was described as "the sum of the two rockets", with no estimate made. Private estimates ran as high as 5,000 miles an hour.

After the "Wac Corporal" was gone, the V-2 went to a maximum height of 10 miles and started down. When it was down to 20,000 feet, a button was pressed exploding the captured German weapon. Its debris fell into the sea 48 miles offshore.

## Freight Boosts Force Change in Farm Economy

WASHINGTON—Postwar boost in freight rates is forcing readjustments in the agricultural economy, according to the department of agriculture.

It costs two and one-half billion dollars to transport the nation's food supply from farm to retail store, or more than double the pre-war cost, the department reported.

In fact, the freight bill averaged about \$16.67 for each American. For this reason some food processors are decentralizing their operations to avoid long hauls. Others are said to be virtually discontinuing the products that previously moved to distant markets, and aiming their production for nearby points.

Rates charged by regulated motor carriers have increased almost in proportion to railroad rates.

The department reported that it cost 18 billion dollars to market last year's food supply—that is, to sell and process raw materials, and transport and distribute finished products. This compared with eight billion in 1939.

## Court Room Game Allowed To Answer Poker Question

LYNWOOD, Calif.—Justice of the Peace Ralph C. Dills was all for the experiment. He, like a great many other people, would like to know if poker is a game of chance, or skill.

The judge allowed three men, arrested on suspicion of gambling, to stage a draw poker game in his court in an attempt to prove it's a game of skill.

Two juries watched the game and disagreed. The judge, disgusted after the prosecution conceded there was no chance of obtaining a conviction, finally dismissed the case. As far as he is concerned the public will have to struggle along without being sure.

# Difference in Life of Nation Price of Shoes

"If free men will devote half the energy to a freedom offense everywhere that Communists give to their cause, Communism will lose," writes Wheeler McMillen, editor-in-chief of the Farm Journal. "The theme of aggressive freedom should be the story of how liberty enables men to produce more and live better. A pair of shoes today costs 6¼ hours of work in free America, 25½ hours in Socialist Britain, and 145 hours in Communist Russia. They are cheaper here because true freedom, true competition, and free consumer

choice make them that way. Let's stop talking about vague and abstract 'democracy', and explain freedom in terms of shoes and sugar!"

Those abundant shoes and sugar are a symbol of how well our free enterprise system serves the people. They are expensive and scarce in the Socialist and Communist countries because real competition, as we understand the word, is hardly existent. The government rations and fixes the price of almost everything in general use. In a free economy, every shoe factory tries to make a better and more reasonably priced product than the competitor in the next town. And every retail store tries to sell more of its shoes, by offering the consumer greater inducements in price and quality, than the other stores down the street.

A retail store, as a matter of fact, is a living example of what we call free enterprise. That is true whether it's small or large, whether it's part of a big chain system or a fam-

ily operation. Products from every corner of the land fill its shelves. The consumer is offered the widest possible selection—and he makes his choice for himself, rather than taking what some politician decides he should have. And everyone lives and works under better conditions because of that fact.

## 'Cathy' Cintron Returns Here On 'Good Neighbor' Award

"Cathy" flashes her well-known smile at the staff photographer. Miss Cintron is one of several Latin Americans now attending school here.

Casilda "Cathy" Cintron, of Puerto Rico, has returned to West Texas State for her second year.

As a result of the Good Neighbor Policy, and good grades, Cathy was able to attend WT last year. This year she attends on a basis of her winning personality plus an ability to produce "A's" on final reports.

Dr. A. K. Knott, associate dean, made application for Cathy's scholarship to the State Legislature. Cathy received the good news this summer. It was a total surprise to the likeable sophomore. This scholarship exempts her from tuition for one school year.

Every year the state issued to each Latin American country five such scholarships, worth about fifty dollars. The awards may be renewed if the student's work stays high.

Cathy likes to sing, read, and watch football. Last year she sang in the Treble Ensemble, chorals and the A Cappella Choir. This year she will sing again with the A Cappella Choir.

An English major, Cathy plans to teach in Puerto Rico after graduation. Right now she says, "I am very grateful and honored to have been

chosen for a scholastic award." And the students of WT are glad, too.

### Introduction

This happened in England. The bus was starting in the midst of a torrent of rain, when the conductor put his head inside and inquired: "Will any gentleman get outside and oblige a lady?"

"She can come inside and sit on my knee, if she likes," said a passenger, jocularly, and, to his surprise, in bounced a button woman, who forthwith appropriated the offered knee.

After a time the man got into a conversation with his burden, and asked her where she was going. On hearing her destination, he exclaimed, "Bless me, that's my house!"

"Yes, sir," replied the woman, blushing, "I'm the new cook."

### Unsound Proof

They were entertaining friends in their new prefabricated home. Suddenly one of the guests sat up and listened.

"Surely you're not troubled by mice already," she said.

"That's not mice," replied the householder. "That's the people next door eating celery."

## Buying Public to Control Economy of the Nation

Congress has given the President sweeping stand-by controls over the economy—including the authority to impose rationing and wage and price controls if he finds them necessary. The bill, as passed, actually gave the President a great deal more authority in this direction than he had requested.

Now it remains to be seen if the major controls will be placed in effect—and here is where the public, through its actions, will have a strong voice in the matter.

It has been said ten thousand times that there is no reason whatsoever for hoarding and scare-buying. It should be repeated ten thousand times more. American industry and agriculture can meet all foreseeable military needs and still provide the civilian population with all the necessities and most of the luxuries.

Moreover, we have a distribution machine fully capable of keeping up with the production machine. It is made up of the thousands of American retail stores—large and small, chain and independent. It can make sure that goods of all kinds will be made available to us at fair prices. But hoarding, on a large enough scale, could defeat this end. And then the black market would return, and the racketeer would assume more and more of the functions of the legitimate merchant.

The American factory, the American farm, and the American store can equitably deal with any conceivable supply problem. They can do it without onerous controls which, in the long run, would hurt us all—if the people will intelligently cooperate.

Army call up 1,644 women from reserve status.

New equipment to increase capacity of steel mills in 1951.

Helping air force warns U. S. fliers who "dare to intrude."

AN *Apple* A DAY...

WE DON'T HAVE A THING AGAINST DOCTORS, BUT...

Wouldn't it be wonderful if the old adage came true, and by just selling apples we could keep all sickness away?

It would be such a simple solution to the problem of medical care that even the doctors would welcome it—even though it meant they'd have to look around for something else to do.

But seriously, we merchants today have something in common with the medical profession. So do you. We all are faced by a socialistic threat to our freedom.

Our business is selling merchandise. It's a good business. It's good because...

## AMERICAN FREEDOM HAS LET US BUILD AND COMPETE AND SERVE YOU BETTER

We all know that in times of emergency, temporary controls sometimes become necessary—and are loyally accepted. But State Socialism is not for us!

We don't want Government operation of our business. We are equally opposed to Government control of medicine or other fields of private endeavor.

That is why today we salute the doctors of America, who have proved that Americans will fight just as hard to preserve freedom at home as they do to protect it from forces of aggression overseas.

*Speaking of Apples...*

Here's a tip our insurance man gave us. VOLUNTARY HEALTH INSURANCE, prepaying the major costs of illness for you and your family, can be bought for about the price of an apple apiece a day!

Did you know that an oil well was once drilled in one day in Texas? It was near Moran and, early one morning, an oil company representative started from Moran over to Cisco to hire a contractor to drill a well and the road went right by the lease and there was a contractor who had camped there for the night with a drilling outfit.

A motor rewind here has its full rated horsepower — the work is superlatively done by specialists and is wholly guaranteed. Regardless of type, size, make—we can service your electric motors perfectly, economically.

Wirt Electric

So they made a deal and late that afternoon, the contractor hurried in to town and said, "You'd better come out and do something about all that oil." He had started and completed a well between sunrise and sunset. Oil was struck at less than 100 feet. It became known as a grass-roots field and it was said that they drilled wells there with a carpenter's brace-and-bit—but that was a little exaggerated—and I don't want to exaggerate.

You may think that traffic regulations and traffic jams are something new. But back nearly 200 years ago in the days of Spanish rule in Texas, there were such difficulties, too. It was of course not trucks and automobiles that caused traffic laws to be enacted; it was the horseman. As early as 1750, Nacogdoches, one of the historic towns of the Southwest, had traffic lights, which were lanterns suspended from poles to mark intersections and left turns were barred.

And another oddity of history concerns chewing gum. Who introduced chewing gum to the United States? None other than General Santa Anna, the dictator.

When he was exiled from Mexico, he made his home in New York. Then when he went back to Mexico, he sent 20 pounds of chicle to James Adams, who had been his secretary. Flavor was added to the chicle and it was placed on sale. And that's how chewing gum was introduced to the United States, according to C. L. Douglas, Fort Worth historian.

Someone has defined a male quartet as three men and a tenor.

Dwight Eisenhower has shown interest in the job of commander of Allied forces in Europe, although that job might jeopardize his chances of becoming Republican presidential nominee in 1952.

10. In 1846.

Tax planners in Congress are trying to devise a formula that will give the country a tax bearing the "excess profits" name but without the inequities and hardships that a wartime variety of excess-profits tax imposes upon moderate-sized and growing enterprises. End result may be what amounts to another increase in the tax rate that applies to all corporations with profits.

Louis Johnson, removed as Secretary of Defense, is to be asked by investigating committees of the next Congress to give the inside story of moves that preceded war in Korea. It is far from certain that Dean Acheson, Secretary of State, has heard the last of his controversies with Mr. Johnson.

Joseph Stalin, after Korea, is to have a harder time inducing his friends to pick a fight with U. S. The friend in Korea who picked a fight is ending up ruined, with Stalin sending regrets but not the troops needed to save him.

World Bank mission sees \$2,500,000,000 needed for Columbia.

And what they dare to dream of, dare to do.—Lowell.

Growing evidence of tie-ups between big gambling organizations and political machines in New York, Chicago and Kansas City is causing concern to Democratic political leaders. There is admission that revelations in New York City may cost Democrats the Mayor's job and have effects on the whole Democratic ticket.

Top labor leaders think that they have assurances from the White House that there will be no control of wages until unions have had a chance to shove the level of wage rates higher. Labor leaders, to make sure, are trying to rush raises before the November 7 election with the idea tacit promises may not carry as much weight after voting as before.

Secretary Acheson is expected to come up with a formula that will give the Pacific powers a chance to settle the future of Formosa, with the United Nations to get the problem if the powers directly interested cannot agree. U. S. would have a big voice either way it went.

Dividend payments seen at larger ratio to earnings.

Excess profits tax in peace time held of dubious value.

Help Keep Canyon Clean!

Any Japanese peace treaty will give U. S. power to garrison troops in that country with right of freedom of movement within Japan, rather than to be cooped up in fixed bases.

## Panhandle Radio Co. Serves Area Well

The Panhandle Radio Company, now located at 614 W. 16th in Amarillo, has made it a policy to give the highest type of service to their patrons. They maintain a modern and up-to-date radio repair service where the best of parts for your radio may be had. Also the latest and scientific devices for testing your machine to detect anything that may need replacement or adjustment. Panhandle Radio Company is familiar with the construction of every type of radio, no matter what make or model it may be. Just call them at Amarillo 9333 and they will repair your radio and give it back to you like a new set. Never let it be said that radios, any size, make or model that was serviced by Mr. Leyman Bates, the managing owner, was not satisfactory. Mr. Bates has had years of experience in radio repairing and may be completely relied upon.

In order to better serve their many customers Panhandle Radio Co. has added to their extensive line a complete stock of phonograph records. Here will be found all the popular recordings of the day, whether it be popular, classical or your favorite square dance tunes.

Remember, your radio should be checked at least once a year for worn out or weak parts and people who live in rural districts are very fortunate to have knowledge of this kind brought to their doors when often times people have to cart their radios long distances and wait for weeks for the kind of service Panhandle Radio Co. has to offer.

In this review of the progress and development of our area we do not hesitate to recommend the Panhandle Radio Co. located at 614 W. 16th to our readers.

Mrs. M. E. Cleavinger, Sr. returned Tuesday afternoon from a visit with her sons and their families, Norman in Springlake and M. E. Jr. in Dimmitt.

Mr. and Mrs. H. E. White of Washburn spent Saturday night and Sunday with his brother and wife, Mr. and Mrs. Otto White.

The Edgetown Home Demonstration Club will meet Friday, October 13, at 2:30 with Mrs. C. H. Stratton. Every member is urged to come.

The Mother-in-Law Club will meet at 2:30 Thursday, October 12, with Mrs. E. C. Penick.

Mr. and Mrs. Curley Woods and family of Pittsburg, California, are visiting friends in Canyon.

Dr. and Mrs. H. A. Brown will attend a chiropractic association meeting in Corpus Christi next week.

## Highland News

These cool snappy days keep reminding us that the frost isn't far off, and some of the farmers keep their fingers crossed hoping their feed will mature before the frost hits.

Mrs. Guy Tandy has been on the sick list the past week. We hope she will soon feel fine.

Guests in the Elmer Mason home Friday evening were Mr. and Mrs. Roy Lee Jones and Randy and Mr. and Mrs. George Cook.

Mr. and Mrs. Lee Caskey and Vicki were dinner guests in the Roy Lee Jones home Sunday.

Rev. and Mrs. R. E. White and Jane, Mrs. Roy Lee Jones, Mrs. Winston Evans, Misses Neta Jo and Darlene Moore from this community heard Dr. Swor speak at the Baptist Church in Canyon.

Roy Lee Jones and Winston Evans attended the Farm Bureau Meeting in Canyon Thursday evening.

The Girls' Auxiliary and Royal Ambassadors met at the Palo Duro Baptist Church Tuesday evening. Those present were Roy Cecil Simmons, Mike Poole, Deella Grantham, Jane White, Ray Dean Axe, Janet and Paul Higgins, Verna Kay McBroom, Terry Higgins, Cecilia Waters, Jean and Butch Tandy and Mr. and Mrs. Winston Evans.

The Highland Home Demonstration Club met in the home of Mrs. Roy Lee Jones on Tuesday.

The Highland Farm Bureau has its first meeting next Friday evening. Everyone is urged to attend. It is time for dues to be paid and those who wish to may pay their dues then or some of the officers will call on them.

Rev. and Mrs. Herschel Thurston, Mrs. Felix Pierce and Mrs. J. O. Parker were in Abilene Tuesday and Wednesday attending the dedication of McMurry College buildings.

Mr. and Mrs. Felix Pierce and Mr. and Mrs. Marshall Rockwell, Jr. spent the weekend at the home of Mrs. Pierce's sister, Mrs. T. M. Jones, in Lubbock.

Mrs. Caine Cooper of Van and Miss Bessie Shook of Denton have been visiting in the home of their brother, J. W. Shook.

Mr. and Mrs. S. L. Powell of Fort Worth are visiting this week in the C. B. Chandler home.

Juanita Raymond and Spike Lowes were guests of Mr. and Mrs. L. G. Jones in Lubbock Saturday night.

MAIL THIS ISSUE of The News to a friend when you get through reading it. However, it will be cheaper to pay for an annual subscription to The Canyon News and have the paper mailed weekly than to pay the postage every week.

## Garrison Paint & Wallpaper Tops in Quality—Low in Cost

Rapidly becoming painting and decorating headquarters in the Panhandle is the Garrison Paint & Wallpaper (formerly Jones Paint Store) located at 611 W. 7th in Amarillo, who feature Elliot Paint Products in addition to a top line of nationally advertised products. Their Elliot line of paint is especially made for this climate which, of course, is the reason for its splendid wearing qualities. They also have a most complete line of varnishes and enamels.

Garrison's tremendous stock of Bird, United and Atlas wallpaper is one of the largest in the Panhandle and they are always glad to give their customers the benefit of their expert decorating service and recommend the proper color and design to harmonize with the furnishings of the home store. They have proven the truth of their motto "Tops in Quality—Low in Cost" which is responsible for their constantly growing business.

The welcome mat at Garrison's is always out to our readers and they invite you to bring your decorating problems to them, whether it may be the kind of paint to use, the selection of colors and patterns of wallpaper or regarding terms, which can be arranged to your satisfaction.

Messrs. V. L. and J. B. Garrison and their organization are to be complimented on the completeness of their service and it is little wonder that they are gaining such popularity.

Mr. and Mrs. Newton Crain spent the weekend at the home of her sister in Lubbock.

With new **Surin**

**No Internal Dosing—simply smooth it on!**

\*SURIN is not intended as a cure or treatment of the above diseases. It is to be used only for temporary relief of local, superficial pain.

Now, comes a new way to relieve the nagging local superficial pains of muscles and joints as well as those of simple colds and fatigue with a 1-minute gentle rub-in of new SURIN ointment. The secret of SURIN is in the use of the modern research drug—b-methacholine chloride, which doctors call a vaso-dilator. This increases local blood supply where applied, and allows fast penetration of SURIN's selected local analgesics and relaxing agents for speedy pain relief at the point of pain! Thus SURIN fights pain 2 ways! In a few minutes you feel a glowing sensation of soothing warmth that lasts up to three or more hours. SURIN is so easy to use and you can apply it without fear! SURIN is creamy-white—washes off easily and will not stain washable fabrics. Money back at your druggist's if not satisfied.

### WHOLESALE MURDER

## Youth Says He Set Fires

COLUMBUS, O.—Police officers could not believe the incredible story of husky Robert Dale Segree, 20-year-old circus roustabout. He insisted he had committed four murders and set numerous fires, including the Ringling Brothers circus fire at Hartford that took 168 lives.

Ohio fire marshal Harry J. Callan said Segree had signed a statement admitting the circus fire, four slayings "by his own hands", and more than a score of major fires in Ohio, New Hampshire and Maine.

After checking his story police were inclined to believe he was telling the truth.

The fire marshal said Segree admitted beating to death 9-year-old Barbara Driscoll of Portsmouth, N. H., on a river bank on Sept. 5, 1938. His weapon was a rock.

Segree's long statement, obtained after days of questioning, told a weird story of a nightmare Indian riding a flaming horse. Prosecutor Guy B. Cline of Pickaway county recited the story this way:

The Indian appeared to Segree at night, urging him to set fires. Segree's mind then went blank. When his mind cleared, a fire had been set. At this point, the phantom rider dismounted, taunted and sneered at Segree so that he ran from the scene.

Mr. Callan said Segree identified his other murder victims as a watchman who caught him setting fire to a warehouse in Portland, Me., on March 16, 1943; a boy about 12 or 13 years old on a beach at Cape Cottage, Me., about 1943, and a boy in Japan while Segree was a member of the Army of occupation in 1949.

Mr. Callan said Segree enlisted in the army in 1948 for three years but was released a year later upon advice of the medical service.

The fire marshal declined to make public details of Segree's confession. He said the youth definitely worked for the circus from June 30 to July 13, 1944. The official said during that time there were two small circus fires before the fatal one July 6.

James A. Haley, Ringling president at the time of the tragedy, and George Smith, then the general manager, served prison terms in connection with the fire. The circus paid off more than \$2,000,000 in damage claims.

"Segree admits to setting between twenty-five and thirty major fires in Portland, Me., from the latter part of 1939 until May of 1946 when he moved to Ohio," Mr. Callan said.

"When the family moved from Columbus to Adelphi, Ohio, in 1947, a series of small fires in alleys broke out in Circleville nearby. Segree admits setting these fires."

"He also admits setting innumerable small fires in Portland, Columbus and Circleville."

Ohio officials said investigators first learned of Segree while questioning William Graham, 23, of Circleville, sent to the Ohio state hospital for the criminal insane in connection with a fire at a granary in Williamsport.

### British Newspaperman Deserts to Communists

BERLIN, Germany—A British newspaperman has asked and received asylum in Communist east Germany because he no longer could serve "western warmongers."

The man, John Peet, 34, London, was chief of the British Reuters news agency in Berlin.

Peet said he had been given a job by the east German press ministry. It is headed by Gerhart Eisler, former American Communist leader who skipped bail in the United States and became propaganda chief of east Germany.

Peet's decision to change camps was startling in that he had handled many Reuter dispatches in recent months and none of them had been colored with Communist propaganda, according to his superiors.

In announcing his decision to change camps, he said: "We have all become, at least in part, instruments of the American guided war machine. As an English patriot and friend of peace I can stand that no longer."

### Houston Television Fans See Man Commit Suicide

HOUSTON, Tex. — Stanford B. Twente committed suicide while a Texas league baseball game was being televised to Houston and area residents.

Fans who were watching the game heard a shot and a second later the camera focused on Twente's slumped body.

Justice of the Peace Tom Maes was among those watching the game on television. He returned an inquest verdict of suicide without leaving his home.

Twente died in a hospital about two hours after the shooting.

At the start of the last half of the sixth inning, Twente appeared at the television booth and told the announcer, "I got something to tell you."

The announcer waved the man away and continued narrating the game. Twente was seated between the announcer and the engineer. He suddenly pulled out a pistol and shot himself, falling across the engineer.

Tighter quantitative export controls are said to be certain.

### Evolution

#### May Have Started in Africa

PRETORIA, South Africa — Two skulls found in a cave deposit by Dr. Robert Broom, a noted South African scientist, and his assistant, I. T. Robinson, are regarded by Dr. Broom as among the most important discoveries yet made today solving the problem of human evolution.

The skulls are described by Dr. Broom as very large and almost certainly well within the human range. The ear region and the articulation of the lower jaw are typically human, and very unlike those of the gorilla and the chimpanzee, the cheeks larger and wider. The snout, unlike that of the gorilla, is quite short and the front teeth not larger than in man.

Dr. Broom said: "Our recent discoveries have shown that there lived in South Africa—perhaps a million years ago, perhaps more — various tribes of pre-men or primitive men. Some had small brains and some had fairly well developed, quite human brains. In some respects the small-brained are more man-like, in other larger-brained types seem more human. But we can definitely say that both are almost man and it seems highly probable that man originated in Africa."

### Science Says Man Can Live on Bread Alone, if Right Kind

WASHINGTON — Stanford research institute scientists report man can live on bread alone, if it is the right kind. It must contain all the natural constituents of wheat, or have these added to white flour before it is baked.

And such bread alone would provide a better diet than that of the average American family today, the scientists reported.

The report was based on extensive experiments with rats, whose nutritional requirements are almost identical with those of humans.

Rats fed only highly fortified white bread grew almost precisely at the same rate and in the same state of health as those fed a mixed diet which, it had been determined experimentally, contained all the necessary constituents.

This was essentially the same bread as could have been made of whole wheat flour. It was only necessary to add water and minute amounts of vitamins A and D.

Rats grown on ordinary bread partly fortified with vitamins, on the other hand, grew at less than one-third this rate and showed various abnormalities. Notable were deficiencies in ability to reproduce.

The experiments demonstrate, says the Stanford report, that "highly enriched bread supplied more of the nutritional factors necessary to well-being than the diet eaten by millions of Americans."

Few Americans, of course, ever attempt to live on bread alone, and the ordinary diet is so varied that there is relatively little obvious dietary deficiency. A diet of which bread constitutes by far the major part, however, is fairly common in some countries where little effort is made to fortify the dough.

### Navy Asks Funds to Build Guided Missiles Vessel

WASHINGTON — The days of push button warfare, rockets, guided-missiles, and atomic powered ships is not as far off as you might think.

The house armed services committee has approved a \$350,000,000 navy modernization program covering a guided-missiles ship and an atomic powered submarine.

In asking for funds to carry out the navy program, Adm. Forrest P. Sherman, chief of naval operations, said:

"We have guided missiles which are sufficiently advanced that they should be introduced into the fleet as soon as possible.

In other words, guided missiles have been developed to the stage where competent military men feel they are ready to be used and not just experimented with.

Admiral Sherman also told the committee that the navy hoped to have an atomic-powered submarine in operation within three years after the money was provided.

Presumably that would be sometime in 1954, since the program will be financed largely from funds for the 1952 fiscal year beginning July 1, 1951.

The submarine is now in the blueprint state and theoretically will be capable of cruising almost indefinitely without refueling.

### Sow Eats Way Into Milk Can; Out Again in 8 Hours

LAWTON, Okla. — Bob Beck's prize sow was a glutton.

He found the missing porker, only her curly tail sticking out of an overturned milk can which had been filled with kaffir corn. The farmer's attempt to pull her out brought only anguished squeals from the over-stuffed pig.

After a consultation with a veterinarian, Beck decided to let nature take its course. Eight digestive hours later the slightly slimmer sow slid to freedom.

Source of useful manpower seen in millions of handicapped.

# Rugged NOT RAGGED

A great American statesman has defined "rugged individualism" as a "eulogy of those God-fearing men and women of honesty whose stamina and character and fearless assertion of rights led them to make make their own way in life."

That's a better way to describe the builders of America... the America to which the ragged, regimented oppressed peoples of the world look for release, for inspiration.

As businessmen, we know the value and the blessings of freedom. We know how the exercise of freedom has made America great. We want to keep our right to voluntary action.

Suffocating Socialism at home, like communism overseas, threatens the America we cherish.

To the doctors who are fighting for freedom, our salute. Their crusade for liberty is all America's crusade.

Freedom is worth defending—at home as well as abroad.

### Audiometer Set For Regional School Use

West Texas students now have access to an audiometer. This instrument was purchased last spring through the initiative of several departments and organizations. The Speech and Education Departments coordinated with the Student Association and a recent Summer Graduating Class to make the purchase.

The audiometer is to be used to test the hearing of West Texas State Students as well as the students in surrounding Panhandle schools. It is hoped that it can be arranged for anyone in the Panhandle, who feels he would like to test his hearing, to gain permission to subject himself to a test by the machine.

Dr. J. B. Roberts said the machine cost in the neighborhood of \$400.00, which was contributed by the aforesaid groups.

The machine will be set into operation in the basement of the Ed-

ucation building this Fall. A few graduate students will be trained to operate the machine and will have complete control of its operation.

Mr. Crannell Toliver said that the machine was one of excellent mechanism. He said the machine would test both air conduction and bone conduction which is important in determining the extent of a person's hearing ability. The machine will determine the degree of loss of hearing as well as the kind of loss.

Panhandle Schools may use the audiometer by paying the travel expense of the operator. It is believed that the machine will be beneficial to the school as well as many people of the Panhandle who would like to know just how well they can hear.

## Fern Zimmer Becomes Bride of J. C. Bellah in Chapel Service

Rev. Hubert Thomson, pastor of the San Jacinto Methodist Church, Amarillo, read the single ring service Saturday evening uniting in marriage Miss Fern Zimmer, daughter of Anton Zimmer, and the late Florence Brown Zimmer, 118 Angelus Drive, Amarillo, and J. C. Bellah, son of Mr. and Mrs. Alfred Bellah.

Vows were solemnized in the chapel of the Polk Street Methodist Church at 8 o'clock.

As a nuptial prelude, Max Bellah, organist, played "Ave Maria" by Gounod, "Serenade" by Schubert, "Clair de Lune" by Debussy and "Oh Promise Me" by Scott. Thomas E. Sifert of Canyon sang "Because" by D'Hardelot and "The Rosary" by Nevin. "I Love You Truly" by Bond was played softly during the ceremony, and the traditional wedding marches were used for the processional and recessional.

Basket arrangements of white chrysanthemums, surrounded by jade fern and branched candelabra, decorated the altar. Pews on the bridal aisle were marked with white satin ribbon.

Attending her sister as maid-of-honor, Willenell Zimmer wore an aqua velveteen gown designed with a fitted bodice, cap sleeves and a full gathered skirt. The sweetheart neckline was accented with a rolled pointed collar. Her halo bonnet and mitts matched her gown and she carried a crescent shaped bouquet of rose chrysanthemums.

Bridesmaid Mrs. Gail H. Miller of Dallas wore a rose velveteen gown. Her dress was identical to the honor attendant's and her halo bonnet and mitts matched her gown. She carried a crescent shaped bouquet of aqua chrysanthemums.

Robert Bellah was his brother's best man. Serving as ushers were Ellsworth Barnard, brother-in-law of the bridegroom, and John Zimmer, brother of the bride. Ring bearer was Rob Barnard.

Escorted to the altar by her brother, Albert Zimmer, who gave her in marriage, the bride wore a gown of ivory satin designed with a Chantilly lace bertha at the portrait neckline. A ruffled lace peplum edged the pointed bodice and panels of lace flowed down the back to edge the formal train. Tiny satin buttons fastened the long petal point sleeves and the back of the bodice. Her full gathered skirt was worn over a matching satin hoop skirt. Her two-tiered fingertip veil of imported illusion was attached to an ivory satin cloche trimmed with seed pearls. Her bouquet of white stephanotis centered with a white orchid was carried on a white satin Bible, which belonged to her mother.

Mrs. Alfred Bellah, mother of the bridegroom, was attired in a brown crepe dress with matching accessories. Her corsage was white gardenias.

Immediately following the ceremony a reception was held in the church parlor. Laid with a white damask cloth, the bride's table was centered with rose and aqua chrysanthemums and silver candelabra. Mrs. LeRoy Neece of Fort Stockton and Mrs. Karl H. Adams served the tiered wedding cake and Mrs. Ellsworth Barnard and Mrs. Bill Elliott presided at the punch bowl. Mrs. Tom Roy Snodgrass secured names for the guest register. Assisting in the house party were Mrs. Barnard Ragsdale, Mrs. Jack Worsham, Mrs. Nathan Jeffries and Miss Shirley Morris.

Out-of-town guests attending were Mr. and Mrs. Leroy Neece of Fort Stockton, Mr. and Mrs. J. M. Denman of Lubbock, Mr. and Mrs. J. O. Hix of Childress, Mr. and Mrs. Frank A. Gyles, Jr. of Hereford, Mr. and Mrs. A. W. Lair, Mr. and Mrs. Nathan Jeffries and Mr. and Mrs. Jack Worsham of Borger and Max Bellah of Austin.

For a wedding trip to Colorado Springs the bride traveled in a tortoise gabardine suit with brown accessories.

Her corsage was a white orchid.

After October 17 the couple will be at home in Canyon.

Mrs. Bellah was graduated from Canyon High School and West Texas State, Canyon, where she was a member of Delta Zeta Chi sorority. She is a member of Theta Pi chapter of Beta Sigma Phi.

Mr. Bellah was graduated from Canyon High School and attended West Texas State, where he was a member of Epsilon Beta fraternity. He is associated with his father in business in Canyon.

Friday evening Mr. and Mrs. Alfred Bellah entertained with the rehearsal dinner in their home. The bride's colors of aqua and rose were used in the decorations. Guests were Mr. and Mrs. Albert Zimmer, Rev. and Mrs. Hubert Thomson, Mr. and Mrs. Bernard Ragsdale, Mr. and Mrs. John Zimmer, Mr. and Mrs. Ellsworth Barnard, Mr. and Mrs. Robert Bellah, Mr. and Mrs. Thomas Sifert, Mr. and Mrs. Tom Keeling, Mrs. Gail H. Miller, Willie neil and Elizabeth Zimmer, Anton Zimmer, Jr. and Max Bellah.

### MRS. MARY SIMON HOME IS SCENE OF FAMILY REUNION

October 4 was a happy day for Mrs. Mary Simon for on that day all of her children, five boys and five girls, were together for the first time in twenty-two years. The entire family had not been together since 1928 when they attended funeral services for their father. The day was spent in visiting and having pictures of the group made.

Present for the one-day family gathering were children: Mr. and Mrs. Joe Gallon of Costa Mesa, Calif.; Mr. and Mrs. Charles Hill of Pasadena, Calif.; Mr. and Mrs. Earl Easton and son s Bobby and Lloyd of Whittier, Calif.; Mr. and Mrs. John Broadus of Wildorado; Miss Anna Simon, and Mr. and Mrs. A. H. Simon of Canyon; Mr. and Mrs. Frank Simon and sons Jimmy and Earl, Mr. and Mrs. Herrick Simon, daughter Lucille and son Billy Thompson of Amarillo; Mr. and Mrs. Walter Simon, son Milton and daughters Linda Sue and Patricia, W. R. (Bill) Simon and son Charles of Levelland; a grandson, Mr. and Mrs. Kenneth Broadus and daughter Brenda of Littlefield.

Mrs. Simon has 21 grandchildren and 13 great grandchildren.

### BRIDAL SHOWER COMPLIMENTS MRS. JACK R. BONDS

Mrs. Jack R. Bonds, nee Frances Holman, was complimented with a bridal shower on October 3 in the country home of Mrs. Eugene S. Bonds. Hostesses were Mrs. Eugene Bonds, Mrs. W. F. Bonds, Mrs. H. E. Campfield, Mrs. T. J. Bonds, and Mrs. Henry Tidenberg.

Seasonable flowers were used throughout the entertaining rooms. The bride's chosen colors of blue and yellow were carried out in table decorations and corsages.

Guests were greeted by Mrs. Eugene Bonds, Mrs. Jack Bonds, the honoree, and Mrs. G. J. Bonds, mother of the groom. Mrs. T. J. Bonds secured names for the guest book and Mrs. Bill Ewing assisted in the gift room.

Refreshments of cake, sandwiches, nuts, mints, and punch were served from a lace covered table centered with a miniature bride and groom flanked by yellow rose buds and blue candles.

Mrs. Henry Tidenberg of Happy and Miss Dorothy DeFoe of Amarillo presided at the serving table. In the dining room a yellow floral display and tapers adorned the buffet.

Approximately fifty guests attended or sent gifts.

**WHY?** Why be logical and reasonable, when it is a great deal easier and ever so much more fun to be emotional and prejudiced?

## THE AMERICAN WAY

Farewell to Farmers' Freedom

### BRIDAL SHOWER FRIDAY HONORS FAY DICKERSON

On Friday, October 6, Miss Fay Dickerson, bride elect of Max Bosley, Jr., was honored with a miscellaneous bridal shower in the home of Mrs. J. B. Anthony. Hostesses were Mrs. George Harris, Mrs. Lee Foster, Mrs. Cecil Briggs, Mrs. Clay Cooper, Mrs. R. L. McKenney, and Mrs. Anthony.

The lace covered table was centered with double wedding rings of yellow chrysanthemums atop a pedestal of white styrofoam. Suspended above the rings were the traditional bells, and flanking the centerpiece were white candles and crystal holders.

Serving at the table were Mrs. R. L. McKenney of Amarillo and Mrs. W. D. Walker, Jr. Mrs. Clinton E. Miller of Happy presided at the guest book.

Sixty-five guests registered or sent gifts.

### ADAPTED SHRUBS STUDIED BY PARK H. D. CL

The Park Home Demonstration Club met with Mrs. Elmer Winters on the afternoon of October 5. A demonstration on knowing and using adapted shrubs was given by Miss Lou Ella Patterson. Roll call was answered with my favorite shrub.

Refreshments were served to guests Mrs. Fannie Rice, Mrs. F. A. King, Misses Joan McCullough and Lou Ella Patterson and members Mesdames Flynn Winters, R. E. Winters, Kenneth Erwin, L. E. Hermesmeier, Frank Simon, Walter Simon, C. E. Colling, O. E. Wininger, Leonard Winters, W. E. Sheets, D. J. Maynard and Herrick Simon.

### 4-H CLUB ORGANIZED FOR PALO DURO COMMUNITY

On Saturday morning September 30 the girls of the Palo Duro Community met at 10 o'clock in the office of Miss Lou Ella Patterson, home demonstration agent, to organize a 4-H Club.

The following officers were elected: president, Jimmie Jennings; vice president, Glenna Fay Stroup; secretary-treasurer, Sara Jo Hickman; reporter, Annette Dugan; song leader, Gladys Marshall; clothing demonstrator, Glenna Fay Stroup; sponsor, Mrs. Douglas Marshall; and co-sponsor, Mrs. E. A. Michael.

The next meeting will be on October 14 with Sara Jo Hickman.

### No Bargain Rates on Amarillo News For This Holiday

There will be no bargain subscription rates on the Amarillo News this year, according to announcement made by the circulation manager.

"Our subscription rate of \$13 per year is the lowest rate of any daily in the country, considering the size and quality of the paper. The scarcity of news print; advanced prices of print; and the increased cost of production, labor, postage, ink, and everything which goes into a newspaper, makes it impossible for us to put on the annual bargain rate," was the answer given the Canyon Newsman in answer to a question in regard to holiday rates.

Citizens of Randall county may secure the Canyon News and Amarillo News for \$14.50 per year; those living outside of Randall county will pay \$15.00 per year for the two papers.

In order to avoid confusion at the end of the year subscribers should send in their renewals at once.

### MRS. SHEPHERD ENTERTAINS BID 'R BYE BRIDGE CLUB

On Thursday afternoon, October 5, Mrs. M. D. Shepherd was hostess to the Bid 'R Bye Bridge Club. Arrangements of dahlias decorated the entertaining rooms. Favors were crystal ash trays.

High prize went to Mrs. Perry Bell, low prize to Mrs. William Wilson, and traveling prize to Mrs. R. D. Allen.

Refreshments were served to guests Mrs. R. D. Allen, Mrs. Al Kieselbach, Mrs. Sidney Burgess, Mrs. Fred Jennings and Mrs. William Wilson and to Mesdames Perry Bell, Loyd Devin, H. R. Fulton, Jr., Cliff Minar, Dan O'Connor, Lewis Stoelzing, Charles Wright and the hostess.

### SAME THING

It sounds much more dignified to say that we are moving in cycles, rather than running around in circles, but it amounts to about the same thing.

The rich have a cloak for their ills, but poverty is transparent and abject.

EVERYONE'S LOOKING HIGH AND LOW FOR

## MID-HEELS

Easy to see why these are the most walked-in heels you can find! Easy to love, too, the way they go with tailored suits... with special "occasion" clothes as well. And easy does it, for your budget, when they're

# Buffs Whipped Tech

JONES STADIUM, Lubbock: With a roar that echoed warning wherever Border conference football is played, West Texas State's rampaging Buffaloes decisively whipped Texas Tech's Red Raiders 28-13 here Saturday night.

Coach Frank Kimbrough's beautifully balanced attack spotted the respected Raiders a touchdown in the first five minutes of play—then methodically whipped them all over the field.

A tremendous Buff line, which obviously had not been reading the Texas Tech press clippings, controlled play virtually the entire game. On offense Coach Odis Crowell's outfit chopped holes thoroughly and consistently.

And the Buff line was a defensive marvel. The Raiders proved to have two great running backs, but they couldn't move much through a line that was tight as a pawn broker's pocketbook.

Only thing wrong with the game was the officials, which let the contest degenerate into a brawl in the second half. It was a break for Tech, which probably would have been beaten by one or more touchdowns had the fight not persisted.

It was the first time WT had beaten Tech in 20 years, but there certainly was no doubt about this one. The Buffs showed two of the finest runners in Texas, not to mention a true-armed quarterback whose passing and play selection left nothing to be desired.

Tech fans were shocked, stunned and bewildered at the amazing antics of Bullet Bill Cross, the amaz-

ing little Canadian comet, who toe-danced 44 yards for one touchdown, caught a 4-yard pass from Gene Mayfield for a second and plunged one yard for a third tally.

In all Cross carried the ball 15 times for a total of 158 yards. His sparkling bursts of speed kept Tech nervous all night.

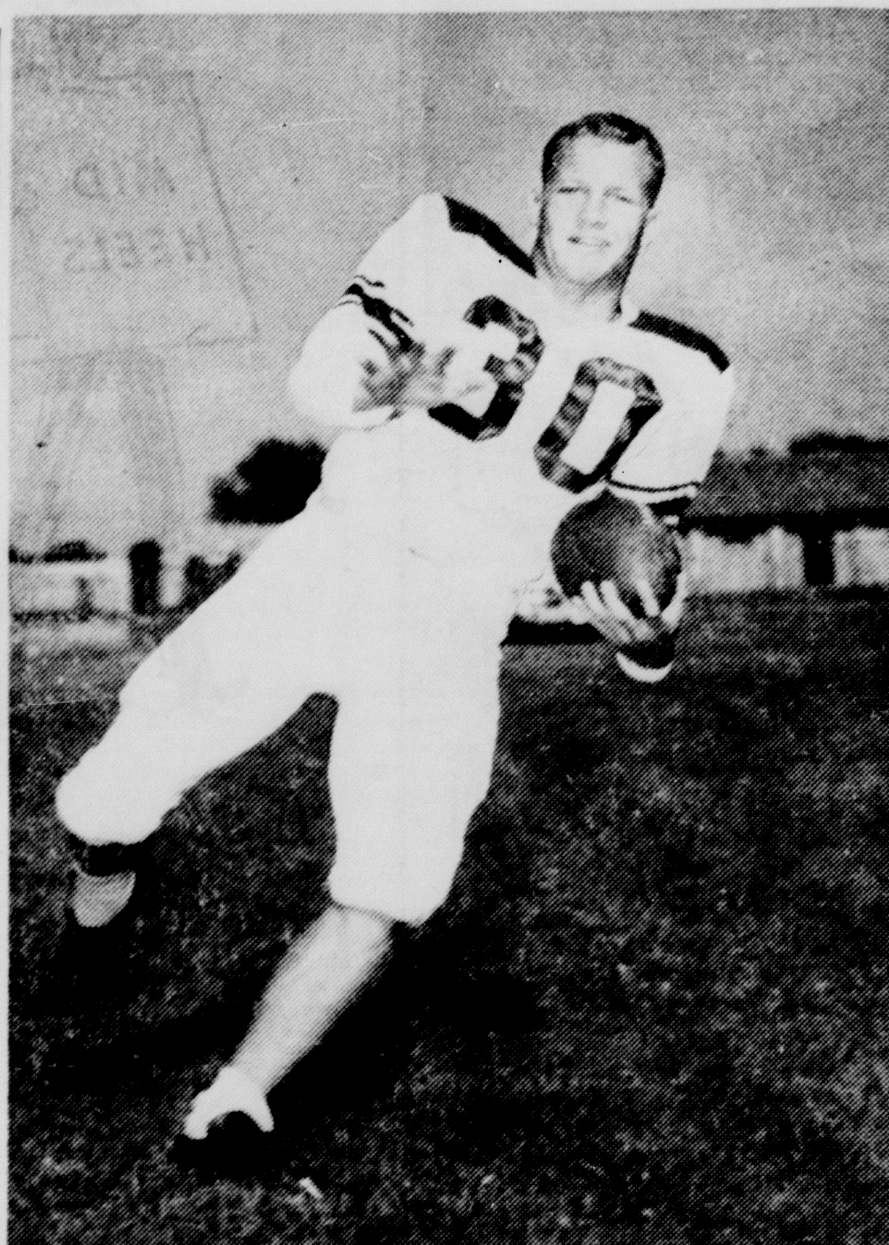

For the power side of the ledger, the Buffs uncloaked Big Charles (Wire) Wright, a 185-pound half-back, with a homicidal complex for would-be tacklers. He crushed, smashed and battered the touted Tech line for 135 yards in 28 tries, doing a great deal to convince the enemy that this, indeed was a lost weekend. He chugged four yards to score the fourth touchdown.

But, it was Mayfield, a deadly passer and play picker who doubtless hurt Tech as much as any individual on the field. He completed six of ten throws for 67 yards and one touchdown. He carried the ball 11 times for 58 yards, and he generally turned in a perfect job calling the Buff offense.

Buff fans got a little shaky about the game when Tech scored in eight plays with the game less than five minutes old. Jackson, Stuver and Tim Hatch took turns, moving the ball from the 46 with Jackson going eight yards through the line to tally. Hatch kicked the point.

But, Buff fans didn't have to worry long. Wright took the Tech kickoff on the goal line and returned 56 yards to the Tech 44 before he was pulled down.

Then on the first play from scrimmage, Cross weaved through the en-

**BILL CROSS, the Canadian Comet, who showed his heels to Tech tacklers Saturday night, and put over three touchdowns.**

tire Tech defense for the needed 44 yards. Roy Lee Dunn kicked the point, making it 7-7.

West Texas moved ahead in the second quarter, moving 50 yards in nine plays. The Buffs got the ball when Bob Kelley recovered a Jackson fumble on the midfield line.

Mayfield bootlegged the ball nine yards and Cross got two yards for a first down on the 39. Wright made eight yards and Mayfield made a first down going to the 29.

Mayfield made seven more the next play, Wright got six for another first down. Cross made three and Mayfield passed 14 yards to Cross for the counter. Dunn kicked this second of four perfect boots, and they left it at 14-7 at the half.

The Buffs kicked off and stopped Tech cold after the half. The Raiders punted out on the Buff 43 and West Texas used just seven plays to score its third touchdown.

The Buffs kicked off and stopped nice gains on the scoring series and a Mayfield to Eddie Conner pass netted 19 yards. Wright plowed nine yards and Cross plunged a yard to score.

The Buffs kicked off and held Tech without a first down again. Tech punted and the Buffs took over on their own 34. They scored in nine plays. Wright gained 19 yards on two running plays, then took a Mayfield pass for 16 more yards. Mayfield passed nine more yards to Kenneth Echols and Wright plowed eight more in two plays to score. Dunn's kick made it 28-7.

The Buffs would have scored at least once more but the game got out of the officials' hands. Both teams started roughing and the Buffs drew repeated penalties, which stopped a strong scoring drive.

Tech had a touchdown nullified by a clipping penalty, when Stuver returned a punt 75 yards. Tech End

Dick Covasas was banished from the game for unnecessary roughness a few minutes later.

The Buffs had another TD scored, but Mayfield was knocked loose from the ball in the end zone and Tech recovered. The scoring threat was setup by a 40-yard punt return by Cross and a Mayfield bootleg to the 12. Tech was penalized to the one yard line for a personal foul as the battle continued. Mayfield crossed, but Tech got the ball to nullify the score.

The Raiders got going late in the fourth quarter.

Marching 80 yards on seven plays to make the final TD a 24-yard pass from Don Seale to Elbert Johnson covered most of the distance. Seale sneaked two yards for the score. The point was blocked.

Play ended with the Buffs in possession of the ball on the Tech 36.

The story of the game was told in the line, despite the Buffs' brilliant running and passing. West Texas gained 350 yards rushing and held Tech to 256. Both teams got about 65 yards passing.

It was the Buffs fourth consecutive win and their third win in conference play. Their next conference game is scheduled against New Mexico University at Amarillo next Saturday.

The statistics:

WTSC	TEXAS TECH
19 First downs	11
350 Net yards rushing	255
12 Passes attempted	14
6 Passes completed	4
64 Yards gained passing	65
0 Passes intercepted	1
414 Total yards gained	321
6 Punt number	4
222 Yards	138
37 Punting Average	34 1/2
0 Lost ball fumbles	2
60 Yards penalized	44

**EDDIE CONNER, 185 lb. wingback from Floydada, is a veteran from last year's Border Conference wars and a graduating senior.**

## Johnson Resigns Ex-Student Position; Milton Morris New Executive Secretary

Dr. Lee L. Johnson, chairman of the school of business and public administration has resigned as secretary of the West Texas Ex-Students Association. He accepted the position in May 1932 and served until Dr. Paul Stewart of Tulsa, president of the Association, made his resignation public last Wednesday, October 4.

Mr. Milton Morris, director of men's intramural sports and men's dormitories has been named to succeed Dr. Johnson.

When Dr. Stewart accepted Dr. Johnson's resignation, he said that the association appreciated the "time and effort put forth by Dr. Johnson in years past. It has been through his efforts that the association has been kept alive."

Dr. Johnson has been a member of the college faculty since 1928. From 1928 until 1939 he was manager of the College Bookstore and instructor in business administration. In 1939 he was appointed head of the department of business administration.

Dr. Johnson holds a master's degree from the University of Texas. He received his doctorate from the University of Missouri.

Mr. Morris has served as director of men's dormitories and men's intramural sports since 1946. Prior to that time he served the college as principal of West Texas High School.

Mr. Morris holds a bachelor's degree from West Texas State and a master's degree from Texas Tech.

The first of Mr. Morris's plans are to set up local chapters of the Ex-Students Association in the towns of the Panhandle. These chapters will be made up of ten or more ex-students of the College and will work in conjunction with the Ex-Students Association on the campus.

Jet plane drops heavy bombs at 500 miles per hour.

**Dr. Lee Johnson, left, congratulates Milton "Buff" Morris on his appointment as the new executive secretary of the Ex-Student Association of West Texas State. Johnson resigned from that post recently to take charge of the college Placement Bureau.**

## Choir Slates Big '50 Show

Houston Bright, director of the West Texas State College A Cappella Choir announced recently that 54 students have registered as members of that organization.

The ensemble is working on numbers to be used on radio programs this fall. Robes for the group are expected to arrive by October 15.

Members as listed on the choir roster by sections are:

Soprano: Juanna Jo Broadway, Panhandle; Colline Brown, Hereford; Barbara Brown, Hale Center; Casilda Cintron, Guayama, Puerto Rico; Ruth Ann Crowell, Canyon; Wenona Gross, Glazier; Nelda Higginbotham, Panhandle; Carolyn Lee, Dimmitt; Pam McDonald, Canyon; Emiline Mills, Booker; Peggy Moore, Canyon; Nida Parker, Plainview; Joan Scholotz, Amarillo; Willa Sey-

mour, Phillips; Joan Shockley, Amarillo; Darlene Terry, Quanah; Dolores Wilson, Bovina; and Betty Thomson, Amarillo.

Alto: Barbara Dunn, Littlefield; Donna Erwin, Canyon; Etta Haney, Pampa; Sue Hood, Canyon; Faye Kinney, Canyon; Pauline Lutrick, Hale Center; Hurselene McCarty, Amarillo; Billie Marie Money, Canyon; Alpha Joyce Mullin, Turkey; Jacqueline Newell, Hereford; Joan Norman, Dalhart; Dorothy Osborn, Lovington, N. M.; Mildred Patterson, Hart; Margaret Springer, Matador; and Elaine Thompson, Hereford.

Tenor: Mack Cantrell, Fort Worth; Jim Cherry, Slaton; Joe Coleman, Fort Worth; Dick Doyle, Claude; Wayne Hinds, Amarillo; Johnny Moore, Claude; D. F. Walker, Amarillo; David Walvoord, Amarillo; Leo Wilmet, Amarillo; Merrill Wilmet, Amarillo; and Bob Wall, Lubbock.

Bass: Billy Dean Epps, Pampa; Jerry Jones, Texaco, N. M.; Wilbert Long, Canyon; Bob Miller, Borger; Louis Pippin, Amarillo; Don Stone, Canyon; Calvin Thielman, Paris; Troy Thurman, Canyon; and Oren Eubanks, Dimmitt.

Accompanist is Ruth Soll of Canyon.

### LIVING COSTS

The Bureau of Labor Statistics reports a rise in prices of almost all major items used by moderate-income families between July 15 and August 15. Retail prices as of August 15 place the cost-of-living index at 173 per cent of the 1935-39 average level and 25 per cent higher than a year ago.

### DROP 15 FEET, UNHURT

Steubenville, Ohio. — Jeannette and Jennifer Jelsky, 21-month-old twin daughters of Mr. and Mrs. Frank Jelsky, were found uninjured after they dropped 15 feet from their bedroom window. The soggy condition of the ground under the windows believed to have broken their fall.

F. Raymond Peterson, retiring President, Bankers Association: "The classical procedure for preventing inflation is to raise interest rates."

John D. Dingells, Member of Congress from Illinois: "Water in Korea is deadlier than bullets."

## LOCAL AND REGIONAL SPORTS REVIEW

## Ben Guill

**Can Serve the Panhandle BEST Because**

BEN GUILL is NOW a member of the House Agriculture Committee. Only through his re-election can the Panhandle retain this important committee assignment.

BEN GUILL has gone to the people of the Panhandle to find out what they want and expect from their Congressman.

BEN GUILL has introduced legislation which would give the farmer a chance to write his own farm program.

BEN GUILL has supported legislation to outlaw Communism in this country.

BEN GUILL, according to Bascom Timmons, veteran Washington newspaper correspondent "HAS GOT OFF TO THE BEST START OF ANYONE I HAVE EVER SEEN."

BEN GUILL has VOTED PANHANDLE! His vote will never be dictated by a party boss or an individual boss.

Let's re-elect

**BEN GUILL**

## WHY DON'T WE BE FRIENDLY?

Did you ever feel all alone in a new or strange place even though it was filled with people? It was not a very good feeling, was it?

That is the reason that we should be friendly with everyone, especially new students and teachers. If you see a boy or girl that you are not acquainted with, do not shun him. Speak to him and make him feel good! Let's have everyone know that Canyon High School is a friendly place.

## TO THE GIRLS OF C. H. S.

Soaring Wings of 1950 was certainly a great collection of happy memories, a year-book of which we were truly proud.

One thing which made it so attractive was the neat appearance of the boys. Now do not get the wrong idea, girls. All of you will have to agree that a starched collar and a suit coat looks extremely nice. How much neater the girls would have seemed if each had worn a perky sports blouse or all had worn dark sweaters. This is not meant to seem critical, for often we simply do not stop to realize how our clothing photographs.

Soon the individual pictures of C. H. S. will be taken for the 1951 annual. Look over those yearbooks. Do you agree that a sports blouse or that a sweater would add a great amount of neat uniformity to the publication? The staff is anxious to have your opinion.

## Delegates Attend F. F. A. Convention

The F. F. A. has sent Larry Prater, president, and Landon Barrett, vice-president, as delegates to the National Future Farmers of America Convention at Kansas City, Missouri, October 9-14.

They left Canyon Saturday morning, October 7, and arrived in Kansas City early Sunday. The boys will make tours to points of interest in the city; hear reports and interesting addresses made at the public speaking contest; witness the bestowing of the American Farmer Degree; and hear Mr. Clifford Hope, United States Congressman from Kansas, address the convention. Four hundred and fifty of the boys at the convention are expected to be Texans.

We didn't know the typewriter in the library could talk, but apparently it can because in last period study hall Thursday, Mr. Miller was calling the roll and all at once the typewriter answered "Here."

Someone said the voice sounded like Florence Coffee and believe it or not, it was. She was typing a story for the paper and was not in her seat at the moment.

Larry Prater, a member of the F.F.A., made an entry in the South Plains Fair at Lubbock. His Holstein calf won second in the Junior division and a sixth in the open division.

You are urged to attend the football game between the Canyon Eagles and the Clarendon Bronks to be played Friday night, October 13, at 8 o'clock in Buffalo Stadium.

Edward Kardelj, Yugoslav Foreign Minister: "There is real danger today of aggression being launched . . . under the guise of defense from aggression."

Dutch to increase military spending by 10 to 15 per cent.

Gloom surrounds Canyon High School this week due to the fact that the Eagles' "A" team has been drafted. Coach Murray, pore fella, is trying frantically to replace his team. Don McDonald is being groomed to fill the vacant shoes of passing ace Garland Butler. Private Butler we should say. Don Beck is reported to be eating six meals a day so he will be able to replace big Ray Burrus. Joe Britt, who does the 100 yard dash in ten seconds flat, has been chosen to play left halfback which was vacated by Robert McClendon. Coach Massey has decided upon Harold Root, Lonnie Davis, Ted Lowe, Tommy Myers, Jimmie Wesley, and William Pond to make the Eagles' forward wall. These boys are taking brutal exercises to mold them into Charles Atlases, namely lifting the eyebrows, wiggling the nose and ears, and skipping a rope.

Bob Busted has just come in and informed me that the "A" team could not pass their physicals due to low mentalities, so we will have to put up with them the rest of the year.

## Soaring Wings Staff Selected

Eight new annual staff members have been selected to compile the '50-'51 Soaring Wings. Mr. Miller and Mrs. Gilmore chose the staff with the students' English grades and recommendations of teachers as a basis. The following was chosen:

Editor—Linda Dooley  
 Assistant Editor—Bettie McGeehe  
 Art Editor—Florence Coffee  
 Ass. Art Editor—Dixie Whitman  
 Business Manager—Richmond Payne  
 Photographer and Record Supervisor—James Cundiff  
 Photograph Supervisor—Geneva Gressett  
 Copy Editor—Teddy Bynum  
 The annual staff will try to make this annual an accurate record of the year. They will try to record for your parties, your games, your friends, and the other things that will go together to make your year. Give them the co-operation they need to make the '50-'51 Soaring Wings one of the best ever.

## Canyon Hi School Attendance Good

"Our school attendance has been very satisfactory," states Mr. J. E. Miller, principal of Canyon High School. "Several boys have been absent due to having to help with the fall planting. There have been very few occasions of students 'playing hooky.'"

"The tardies have decreased greatly with the ceasing of the rain and the dirt roads becoming dry and enabling the school buses to arrive on time."

Henry A. Wallace, former Vice President: "When any people prepare for an all-out effort, they are likely to take extreme steps."

Red Rolfe, manager Detroit: "I am not sure that I can confine their fighting to other American League teams."

Schuman says Korea war will bring united European army.

Panic is called greatest danger in atomic bomb attack.

Ticklers

## Annual Staff Attends Clinic

'Soaring Wings' staff attended the yearbook clinic in Lubbock, Oct. 9.

Linda Dooley and Bettie McGeehe worked with the editor group. Florence Coffee and Dixie Whitman participated in the art section, and Richmond Payne gained information about his job as business manager. James Cundiff and Geneva Gressett studied with the photography group. Copy editor Teddy Bynum gathered ideas to be used in 'Soaring Wings' for this term.

The workshop was divided into sections on different phases of yearbook work. Each section was led by an expert on annual problems.

The entire staff was sent to the meeting in the hope that this yearbook would be better than the last edition. Mrs. Nora Gilmore sponsored the group.

## NOTES

## GAME CLUB

The fifth and sixth grade students have organized a Game Club. In this club the students will study the most popular game played in different countries and how it originated. At the present time they are studying about Mexico. Mrs. Novella Martin stated they will play each of the games studied.

## ANT APARTMENT

Fourth grade pupils ordered an ant apartment house for their science course. The house consists of three rooms in which live the ants. In one room the ants are fed a balanced diet, in the second room they are watered, and the third room is reserved for the queen ant. Miss Sarah Thompson, teacher, said the students enjoyed watching the ants.

## AUDUBON CLUB

Twenty-five members of the third grade Bird Club were awarded Certificates of the National Audubon Society. The president is Shannon Downing.

Charles Nester will act as chairman this week when the class observes the meadow lark.

Mrs. Earline Moreman says that they will study birds and bird calls.

## BIRTHDAY PARTY

A jolly circus cake was served with ice cream to children in Mrs. Collins' first grade. Barbara Ann Erwin's birthday party enchanted her little friends as a musical 'happy birthday' played inside the cake as the cake was cut. Mrs. Kenneth Erwin baked the cake and gave the party for her daughter.

## TRYING SOMETHING NEW

The Junior High Students of West Texas Elementary School are now taking exploratory courses. Seventh grades take art, shop, speech, and public school music. The fourth, fifth, and sixth grades join the art class in the mornings.

Eighth grade classes take shop, art, homemaking, and science. The courses alternate every nine weeks. Both grades take a semester each of speech and music.

The purpose is to better prepare the students for high school so that they will not have to make such a definite break between junior high and senior high. This will enable them to make better subject selections in their freshman year.

Dr. E. W. Barnes, British bishop: "Society needs, and will increasingly need to prevent increase of degenerate human stock."

Build, Buy, Live in Canyon!

By George

"Just wait till I get puncture-proof tires!"

## Buses Travel Far

Two hundred-sixty students travel one thousand miles to school each day! Of course, this is the distance covered by the school buses as a whole.

The longest route belongs to driver Tom Coombes, who goes about one hundred miles daily. The shortest trip is made by Ed Perkins, who journeys forty miles.

In order to qualify for such a position, each driver had to pass a test for his chauffeur's license.

The other drivers are Charles Van Pelt, Lyndon Sanders, Billy Whitfield, Wilbert Long, H. T. Carr, Jr., W. J. Phelps, Claude Foster, Harold Jay Prichard, Jim Spencer, J. N. Pope, and J. D. Dameron.

## Enthusiasm Shown At F. T. A. Meeting

School activities of this year were discussed at the meeting of the Future Teachers of America at the home of Mrs. Beard, October 2.

Several goals have been set for this school year. The F. T. A. is planning on attending the meeting of District IX and sending delegates to the state convention if possible.

Three new officers were elected in the place of officers who graduated. Barbara McDougal was elected Vice-President; Geneva Gressett was elected Reporter; Mary Mae Pappard was elected Program Chairman.

Following the business meeting, the eight members present were entertained at a "kitchen party."

## S. F. C. Affiliate of the N. A. S. C.

An F. H. A. Club has been formed by the seventh and eighth graders who are taking an Exploratory Course in Home Economics the first nine weeks of school in the West Texas Junior High School.

Both boys and girls are learning to cook and sew. Mrs. Rita Dickenson sponsors the activities of the class and the club.

## F. H. A. Fall Council

Bettie Graham attended the F. H. A. Fall Council Meeting held in Phillips, September 30. The council is made up of area officers.

Last spring Bettie Graham was elected songleader from 3500 girls in Area I and automatically became a council member. Plans for the spring area meeting to be held in March in Amarillo were made.

Luncheon was served by the Phillips F. H. A. Chapter. As area songleader, Bettie led a sing-song.

## Vital Statistics For All Counties Are Very Important

It is the statutory duty of the Texas State Department of Health, through its Bureau of Vital Statistics, to provide for the registration of the births and deaths occurring in Texas.

On the statistics made from the vital records much of the planning for the welfare of the people of Texas is done. The number of births credited to the county or city of the residence of the mother can be used in planning hospitals and medical care. The medical certification of the birth record furnishes the Division of Maternal and Child Health, with a list of children who may need additional care, because of prematurity, congenital malformations or birth injuries. The birth certificates are used in establishing dependency benefits for veterans or members of the armed forces. They are also used in proving relationship in settlement of insurance claims and inheritance matters.

The statistics made from causes of death as gathered from medical certifications on death records are

## B Team Defeats Dimmitt 13-6

The Canyon B team defeated the Dimmitt B 13-6, Thursday, October 5, in a night game at Dimmitt.

Big Bob Ratliff scored both of Canyon's touchdowns, the first coming in the second quarter and the other in the last period. Ruthart ran over for the extra point. Dimmitt's lone tally came late in the second quarter.

The team, co-captained by Dick Dawdy and Dan Gayler, has this schedule lined up for 1950.

Date	Team	Where
Oct. 5—Dimmitt	Dimmitt	
Oct. 12—Dalhart	Canyon	
Oct. 19—Dumas	Canyon	
Oct. 26—Phillips	Phillips	
Nov. 2—Hereford	Canyon	
Nov. 9—Perryton	Perryton	
Nov. 16—Happy	Happy	

## New Titles in School Library

Excitement and adventure prevail throughout the pages of thirty-one books which have recently been added to Canyon High School Library. In constant demand, these novels vividly portray the lives of famous men, early pioneer days, first love, and adventure.

Popular with boys are three biographies of famous baseball players. "Lou Gehrig, A Quiet Hero," and "McGraw of the Giants" are by Frank Graham while the author of "Connie Mack" is Frederick G. Lieb. "The Sea Wolf" by Jack London is a thrilling narrative of a mad sea captain who vainly attempts to seek revenge.

Any girl who thrills at the thought of that first love will thoroughly enjoy "Seventeenth Summer" by Maureen Daly or "Jane Eyre" by Charlotte Bronte. "Whiteoak Heritage," a novel from Mozo De La Roche's pen, and "Lantern in Her Hand," Bess Aldrich's portrayal of early pioneer life in the mid-western United States, are also widely acclaimed.

Due to the attractive and practical arrangement of our library, new novels may be located easily and should afford many hours of profitable, entertaining reading for high school students.

used in the prevention of disease, for control of epidemics, and immunization programs for children of pre-school and school ages. Leading causes of death statistics furnish data for study and research which will lengthen life expectancy and improve health during the expected time.

Mortality statistics and the expected length of life are considered when determining insurance premium rates.

A rise in the number of deaths from diseases bred of filth can institute immediate action by the Bureau of Sanitary Engineers. Nutritional diseases can indicate a needed improvement in diet, and school lunch programs can help guard the health of Texas' school children.

## THANKFUL

Finletter urges continued build-up of arms after victory.

Brazil's agriculture aided by Rockefeller low-cost loans.

Help Keep Canyon Clean!

## Dowell's Saratoga Cafe Is Credit To The Panhandle

That important question often arising among the people of Canyon and surrounding territory—where shall we go for luncheon or dinner while in Amarillo, that will be of the best. In our opinion, that question can be easily answered. In every community the size of Amarillo there will be some cafe or restaurant that will stand out from all others as being the one place where those who know good food and appreciate good service will be seen.

In Amarillo the best and the outstanding place to eat is Dowell's Saratoga Cafe, No. 1 at 4th and Polk featuring "round the clock service" and No. 2 at 419 North Phillips more which caters to banquets and social parties. The increasing popularity and patronage of these two cafes is proof of the fact that those who do patronize Dowell's pass the "good word" along to their friends, for a large number of out-of-town people are to be seen eating there every day.

"Bob" and Elmer Dowell, being civic minded and deeply interested in the progress of the Panhandle, are currently sponsoring an A. A. U. basketball team under the banners of Dowell's Cafe and coached by "Hank" Decker, a local boy of high standing with basketball fans. They are among the few fortunate people who in addition to knowing their business thoroughly, possess personalities that makes warm friends and steady customers of those who would otherwise remain just casual acquaintances.

Whether your desire be one of their tempting luncheons or dinners, you can be sure of receiving the best in service and the best in foods appetizingly prepared if you go to Dowell's Saratoga Cafe in Amarillo.

## Wayside News

Rev. C. C. Holcomb filled his regular appointment Sunday.

The Home Demonstration Club met with Mrs. W. R. Franklin last Thursday P. M. Mrs. Austin met with the club and gave some good points on tailoring and different things. Refreshments of pumpkin pie topped with whipped cream, cocoa and coffee were served to 17 ladies and two little girls. Next club meeting will be achievement day with a covered dish luncheon at the home of Mrs. E. J. Mahler. The men are to be guests of their wives that day.

Most of the wheat has been sown and field cutting seems to be the order of the day.

Sharon Gayle and Sonny Franklin of Canyon are visiting a few days in the home of their grandparents, Mr. and Mrs. W. R. Franklin.

Mrs. Bessie Lane spent the weekend with her sisters in Canyon.

Jack Dodson and cousin, Pete Williams left last week for training camp. We hope these boys will soon be able to return home to their families.

## Revival at First Baptist Church on October 22 to 29

Young James Langley of Fort Worth will be the preacher for the Youth Revival at First Baptist Church in Canyon, Oct. 22-29, according to announcement of Pastor Roy L. Johnson. Young "Jim" Langley is a native of Opelika, Alabama, but went to college in Texas at Baylor in Waco. He is now a student at Southwestern Baptist Theological Seminary in Fort Worth.

A unique feature of the coming 8-day meeting will be the morning watch service daily at 7:10, Monday through Friday. A light breakfast will be served before and after the 40-minute service, thus aiding those on their way to school or work. This same schedule was followed in the "Spiritual Emphasis Week" the first week this month at the Baptist church, and attendance grew daily from 79 to 137 at this early hour which those attending found most helpful and convenient.

This youth-led series of meetings will of course be for all age groups, but young men will lead in all phases of it. The pastor is extending an invitation to all parents of Canyon to see their fine young people in action in a series of religious meetings. Night meetings will be at 7:30 and a great youth choir is expected to provide the music each night.

### CARD OF THANKS

I wish to express my thanks to my many friends for the lovely gifts and cards I received while in the hospital.

Mrs. F. M. Brazil.

Syngman Rhee, President, South Korea Republic: "Victory won't mean much if it runs too late for the rice crops."

Build, Buy, Live in Canyon!

## Bringing Home the Bacon

### TREAT TREES FOR BORERS DURING DORMANT SEASON

Tree borers have appeared in many trees this past summer, and you can treat the trees only during dormant season, so check both fruit and ornamental trees for borers soon. H. E. Shahan, county agent, says ethylene dichloride emulsion used now will give quick and effective control. Clear the trash away from the base of the tree and build the ground level well above where the borers are working in the trunk. It is not necessary to remove the mound around the trunk at a later date. The material can be applied any time after the leaves shed in the fall until early April provided the temperature is above 45 degrees and the ground is not too wet. For one year old trees use 1-8 pint; for two year old trees use 1-4 pint; and for three year old trees use 1-2 pint per tree. Cover the liquid with a few shovels of dirt.

Paradichlorobenzene crystals have also found to give good results. Break the crust of the soil for 15 to 18 inches around the tree and remove all trash. The crystals should be placed in a circle around the tree, about two inches from the base. For mature trees one ounce by weight should be used; for unusually large trees one and one-half ounces is sometimes needed; for

trees four to five years old, three-fourths ounce, and for trees one to three years old, one-half ounce, or slightly less should be used. Immediately after the crystals are applied, they should be covered with several shovelfuls of dirt, and the dirt packed with the back of the shovel to make a cone-shaped mound. It should be applied between October 20 and November 15. After six weeks, the mound of earth should be torn down and the residue of crystals removed.

### JOWELL HOME DEMONSTRATION CLUB MEETING HELD

Mrs. Carolyn Henders was hostess to the Jowell Home Demonstration Club for the first meeting after the summer vacation and club tours.

An interesting program on Ideal Heating System was given. Delicious refreshments were served to the following members: Eula Bonds, Mattie Ruth Robinson, Mary Alice Bonds, Helen Davis, Ruby Bonds Amanette Henders, Mary Jo Robinson, a new member, Mrs. Butler and hostess, Carolyn Henders.

The next meeting will be on Thursday, October 19 in the home of Mrs. Amanette Henders. The meeting date was changed from Wednesday, October 18 to October 19 as Miss Patterson would be unable to meet with us on the 18th.

The month's club social will be an apron and overall affair on Thursday evening, Oct. 12 in the home of Mrs. Mattie Ruth Robinson.

Harry F. Byrd, U. S. Senator from Virginia: "The Russians are probably counting on the traditional American reluctance to give up luxuries as usual, business as usual and politics as usual."

Samuel H. Sweeney, preacher: "There are no spiritually elite in religion."

## KILROY WAS HERE

### Elusive GI Back on Duty

WASHINGTON, D. C. — Is the elusive, irrepressible Kilroy back again on active global duty?

According to a story from an American air base in Japan, this ubiquitous legendary veteran of World War II has again put in a word, if not his appearance, as Uncle Sam's Korea-bound fighters are departing for combat duty.

Taking up where he left off after defeat of the Axis, the Kilroy of today had the last laugh after a wall scribbler at the Japanese embarkation base claimed to be the first there. "Sorry to spoil your little joke," went Kilroy's latest rhyming riposte. "I was here, but my pencil broke."

The Kilroy jest that lightened fighting men's spirits during World War II followed American forces all over the Eastern and Western battle theaters. At home, in endless variations on the theme, it went into the permanent American language.

#### High-Low Humor

The impudent announcement that "Kilroy was here" (always before anyone else) decorated walls and any other handy surface, from Hitler's "Eagle Nest" at lofty Berchtesgaden to the depths of volcanic craters of the Pacific. One intrepid prankster scrambled several hundred feet down into a deep, sheer-walled pit near Kilauea Volcano in Hawaii. With conveniently loose stones at hand, he spelled out on the polished lava floor of the crater the eloquent word "Kilroy."

How did the redoubtable Kilroy get his start? The explanations are almost as varied as tales of the mystery warrior's exploits. Some say the saga all began in the Air Transport Command of the U. S. Air Forces. A real Francis J. Kilroy, this version goes, had come down with influenza while stationed at a Florida airfield. On his improvement, a friend posted a bulletin-board notice, "Kilroy will be here next week," and the game was on.

Another Air Force version makes the first Kilroy a frequently missing enlisted man whose irate commanding officer was foiled in tracing him by the Kilroy-was-here, there, and everywhere technique. And still another story has the original Kilroy a GI sergeant in a Kansas camp. This Kilroy, after being marked absent from a special detail and having his name posted, indignantly wrote a denial under his name in the now familiar phrase.

#### Civilian In Act

A civilian account bobbed up on a postwar radio program. Its author, James J. Kilroy, explained that he had started the Kilroy legend as a wartime inspector in a Massachusetts shipyard. To avoid losing time by reinspect already approved work, he claimed he had chalked on the ship's parts "Kilroy was here."

Another guest on the same program put up as her candidate for the honor an Irish-American who was serving during the war in the Royal Air Force. Her Kilroy, she stated, had crashed near Dunkirk. He had been rescued by the Underground and smuggled out of the country, but his name lingered on as a promise of future liberation.

Whatever the source of the play, Kilroyisms have spread over much of the world, from Natal, Brazil, to Karachi, Pakistan. In the Aleutians and Africa, in England, Italy, Australia, the Philippines, and no one knows how many other unexpected places, the mark of Kilroy has become a symbol of the speed and scope of today's global warfare. Among the assorted spots from which some Kilroy phrase has been reported are the Capitol dome in Washington, the Statue of Liberty, and the guinea pig battleship Pennsylvania in which the words were found after it was blasted by the atomic bomb at Bikini.

### Pigeons Taught to Play Piano, Understand Colors

CAMBRIDGE, Mass.—Those pigeons you have in your barn mister are mighty smart, so says Prof. B. F. Skinner of Harvard.

The professor has a flock of pigeons that play tunes on a piano, play table tennis, push buttons to get food, tell time, and understand changing colors—like traffic lights.

Dr. Skinner is using the pigeons to discover new methods for studying human behavior. He has arrived at the theory that reward is more effective than punishment.

The birds have learned to peck signs labeled "yellow," "green," "blue," and "red," always picking the proper sign when a light of the same color is flashed on.

He has taught pigeons to play a modified table tennis—without net—on a two-foot-square table. One pigeon, using his beak, tries to bat the ball past his opponent. Rallies sometimes go three or four shots—though most are aces.

An advanced lesson is to play a tune on a piano of seven keys. By rewarding the pigeon when he strikes the keys in a certain sequence, Dr. Skinner and his assistants have taught pigeons to play simple tunes such as "Over the Fence is Out, Boys," and "Take Me Out to the Ball Game."

Let me have your order for fall bulbs. Stevens Floral. 3113

# Nothing FOR Something

It's an old trick of the curbstome pitchman to offer you Something for Nothing

"Tell you what I'm going to do, Ladies and Gentlemen, I am going to give you, absolutely free..."

Yes, it's an old trick. But it's still a popular one. Salesmen of Socialism use it the world over. Yet when analyzed, their Something for Nothing always turns out to be—**NOTHING FOR SOMETHING!**

That isn't the way America became the greatest, healthiest Nation in the world. American business has reached its present stature because it believes in giving the customer his money's worth.

Through healthy competition, and the will to serve, American medicine has created the finest system of medical care in the world.

Through ingenuity and free enterprise, American citizens have higher incomes, better education, better health and more freedom than citizens of any other great Nation on earth.

Freedom is America's heritage, and Americans cherish it deeply—for themselves and for the entire world. In exchange for this good way of life, the political pitchman offers us the quack remedy of Something for Nothing...of "free" medical care, doled out by politicians.

AMERICA JUST CAN'T BUY THAT!

## BURROW LUMBER COMPANY

Harwood L. Childs, political scientist: "The American people do not need to be told what they should or should not want."

Vincent C. Ross, industry official: "There is altogether too much talk of 'security' and not enough of 'opportunity'."

Australia decrees army service is to be anywhere in world.

Western Allies order six Ruhr steel trusts to be dissolved.

*Beautiful to behold!  
and so automatic  
you can love it and leave it*

Never was there a cooking appliance so beautiful to have and behold as a new, MODERN gas range. It's fast... and so clean there's not one whiff of smoke even from char-type broiling. And so automatic you can load it, leave it and come back to a perfectly cooked dinner hours later. See the new gas ranges at your dealer's now.

**West Texas Gas Company**

HELPING BUILD WEST TEXAS SINCE 1927

that most Americans are capable of paying their own bills, planning their own budgets and mapping their own futures.

that most Americans resent having politicians or bureaucrats tell them *what* they need, *where* to get it and *how* to pay for it.

that most Americans prefer to solve their problems—medical or otherwise—by means of self-reliance, free choice and voluntary methods.

that most Americans will work and fight to preserve freedom, both at home and abroad.

The menace from abroad is Communist tyranny.  
The menace at home is creeping Socialism.

## THOMPSON'S

## AGAINST EVERYBODY!

**Pull! Pull! Pull!** But what for? Children at play and young people at track meets may well have a test of strength. It is a good thing to match strength with strength in contests where youth is making ready for the serious business of living. They are exercising the muscles in playful competition. Thank God for power which increases with effort and endeavor! How we enjoy watching these feats of endurance and of determination; for as much depends upon the will to do as upon the ability to accomplish! Opposition in trials of strength tones up the life of all who are engaged in it. Wholesome rivalry makes the better men of us all; we gain strength and the power to do as we meet vigorous opponents; we serve each other in the contests of skill as illustrated above.

But all rivalries must eventually give way to cooperation. No one of us can profitably allow himself to be a confirmed puller against others. We need each other for the achieving of the major goods of personal and of social life. How unfortunate if a man becomes known as the foe of his fellows, if he has never learned how to get on with others! *Family and community and nation suffer when a man lives only for himself* and has his hand against rather than for every other man. Are you a booster or a buster? Do you help pull the load wherever you go; or do you insist on riding while the rest do the pulling; do you even sit on the brakes when others are trying to do the good things for the common life? Do you break up the meeting when the majority votes against you?

A great teacher in the long ago reminded men that they ought to be workers together for God. In some wonderful fashion the invisible Spirit is ever at the side of men who are willing to use their strength for helping good causes. It is equally marvelous that extra resources of strength seem available when men undertake together more than they seem able to do. God is the unseen Worker who joins the eternal and the unlimited power of the universe to those who will pull together in high service. To join your fellows in prayer and in worship is to discover a fellowship in which human and divine powers are pooled for the good of all and for the glory of God. *Don't be a chronic buster nor a puller in the wrong direction. Rather be a booster and a factor in a progressive cooperation.*

## Cousins Ballroom Jammed During Tuesday Night's Faculty Reception

Here is a scene typical of the hubbub last Tuesday night at the annual faculty reception in Cousins Hall. After each student had been introduced to each member of the faculty, refreshments were served, and a dance followed in the ballroom.

Tuesday evening the annual faculty reception was held in Cousins Hall lounge. The reception started at 7:30 and in less than an hour the lounge was filled to capacity with students and faculty members. Most of the evening was spent in meeting the members of the faculty and finding out that teachers really are human. In between handshakes most of the students managed to get through the refreshment line. The punch and cookies were good enough that anyone who missed them shouldn't have. The evening was filled out with a dance, in the Cousins Hall ballroom, which apparently was as much a success as the reception.

### WAVES RECALLED

The Navy has announced that an unspecified number of WAVE hospital corpsmen, holding first, second and third class petty officer ratings will be ordered to duty in the near future. This was the Navy's first announcement of an involuntary recall of women reservists.

1—Oliver Model D Combine  
1—Oliver 16x10 wheat drill, good  
1—International Hay Press  
1—Oliver Hay Press, Pick-up type (new)

### ALCOHOLISM

## Gland Defect New Theory

NEW YORK—A new treatment for alcoholism and the discovery of a definite physical factor that may be responsible for the alcohol craving in man has been reported by medical research.

The new treatment is based on an entirely new concept of the underlying organic cause, or causes of alcoholism. It came through observations which indicated that many problem drinkers suffer from a glandular deficiency, correction of which eliminates, at least temporarily, the insane craving for drink.

Doctors have found that the chronic alcoholic suffers from a deficiency in the hormones secreted by the outer layer, or cortex, of the adrenal glands. These are the two all-important glands located astride each kidney. This deficiency, they conclude, initiates a cycle of events that leads the victim to find relief in alcohol, which actually makes the condition worse, thus aggravating the craving for more alcohol.

### Craving Killed

That being the case, the physicians reasoned, the only obvious way to break the vicious circle is to correct the glandular deficiency. This can be accomplished by the injection of small quantities of extract from the adrenal glands of slaughtered cattle. When this is done, the patient not only sobers up, but no longer has any craving for drink.

Dr. James J. Smith, director of research on alcoholism at the New York university Bellevue medical center, believes that patients with acute alcoholic intoxication, acute alcoholic hallucinations, or acute alcoholic psychoses "will be brought under control well within 24 hours by adrenal cortical extract given by vein."

Hangovers, which are not peculiar to alcoholics but are a sequel to overindulgence in alcohol by any persons "can be abolished quite readily by the injection of the adrenal cortical extract. Delirium tremens—the dreaded DT's—responds in a similar manner."

### Five Year Goal Set

Once the acute phase of alcoholism is brought successfully under control, attention can be turned to the more important problem of chronic alcoholism—to make the drinker abstain. Dr. Smith and his group are convinced that the alcoholic is suffering fundamentally from a deficiency in hormones of the pituitary gland. This, in turn, leads to a malfunctioning of the adrenal glands and frequently also of the sex glands. Give the drinker enough hormones, they find, and he will not crave liquor.

"The goal in the treatment of alcoholism," says Dr. Smith, "must be to devise a therapy that will enable the person who is today an alcoholic and who today cannot drink, to drink normally. Although this goal not yet has been reached, work being done at present indicates that its attainment is in sight, and I think that it will be reached well within five years' time."

### Child Unconscious 40 Days Finally Answers Father

TUCSON, Ariz. — On Mother's Day, May 14, Edwin T. Murphy and his family went to visit relatives. On the way home their car collided head-on with another.

Edward E. Browne, Mrs. Murphy's father, was killed. Mrs. Effie Brown died two days later. Edwin Murphy's wife, Marjorie, 34, suffered critical head injuries. Carol, the baby, suffered shock, cuts and bruises.

Patricia, 12, was picked up unconscious and had knee and leg injuries.

Every day for 40 days after the accident Edwin Murphy would go to the hospital where Patricia lay unconscious and lean across the hospital cot and call gently, "Patricia, Pat, can you hear me?"

Every day he would rise at dawn to pass as many hours as possible with his daughter before he went to work. Then he would rush back to her bedside when the store in which he worked had closed. For endless hours he had called to his child, trying to pierce the silence in which she had lain.

Nurses turned away with tears in their eyes. Doctors shook their heads.

Then on the 40th day, she finally spoke. "Mamma," she whispered. Although she eats when fed from a spoon, brain specialists declare her full recovery is only possible, not probable.

### 107-Year-Old Ohio Man Flies to City for Visit

NEW YORK — Looking fit, his head covered with a full shock of white hair, Patrick M. Quinn, who reports he is 107 years old, arrived in New York from Ohio to spend a short vacation with two sons.

A retired boilermaker, who still likes to walk, swim, and drink an occasional highball, he said his longevity could be attributed to "good behavior."

"I'm 107," said the Ohio man to his son as he stepped off a plane in New York. "And don't keep saying I was connected with the steel business. I was a boilermaker."

Camera 1,000 times faster than any in existence is shown.

### Quadruplets Four in Three Days

BELLINGEN, Australia—Mrs. Betty Sara, 20-year-old British war bride, gave birth to quadruplets recently—over a period of 50 hours and 33 minutes, one of the longest periods on record. The births began on a Thursday night with a girl.

Friday night a boy was born. Saturday evening another girl was born.

Later that night the last, a boy, was born.

The doctors had known in advance that Mrs. Sara was going to give birth to quadruplets, but the long drawn out delivery was not expected.

It was one of the longest delivery periods in medical history, many doctors believed.

The father, a district ambulance superintendent, spent the nights pacing up and down, smoking cigarettes.

## New Yorker's Offer To Purchase Ulster Causes Near Riot

NEW YORK—John J. Hanley, a New Yorker who calls himself the Baron of Broadway, not long ago offered to buy six counties of Ulster for approximately \$2,800,000 each, so they could be merged with Eire to form a united Ireland.

Reporting he was a multi-millionaire, it was his way to settle "the Irish question." For all his pains, however, he almost got mobbed.

Hanley, who is 58 years old, entered Belfast in an automobile decorated with Irish and American flags. His intention was to see Sir Basil Brooke, prime minister of Northern Ireland, to "buy up" Ulster from him. However, when he parked his car outside a hotel a crowd milled about it objecting to the display of the Eire tricolor in Northern Ireland. Policemen intervened and seized the Eire flags. Then Hanley protested:

"I can fly that flag anywhere. I was born in Ireland. I am John J. Hanley, New York—the Baron of Broadway."

However, he retreated into the hotel when the hubbub of the mob grew louder. Later he told a reporter he was thinking of offering \$2,800,000 a county for the six counties.

"Would that be enough?" he asked.

The reporter said it might be a bit low, considering that Ulster's total income last year was 63,000,000 pounds.

After Hanley was advised by the police to leave the hotel the "Baron" said he would not bother to see Sir Basil Brooke but would go to England and see Prime Minister Atlee. He tucked his flag under his frock coat and, flourishing his diamond-studded walking stick, was escorted through the crowd.

### Airplane of Future May Have Aluminum 'Skin'

LOUISVILLE, KY. — The airplane of the future may have a smoother, stiffer "skin" as a result of a process developed by the Reynolds Metals Company.

In its plant at Phoenix, Ariz., the company has been working more than a year under an experimental contract with the U. S. air forces' Air Materiel Command. As a result, it has been able to manufacture aluminum sheet with stiffening on one side.

This sheet is designed to replace conventional material in the wings and perhaps the fuselage and floors of high-speed planes.

The sheet is made by a so-called extrusion process, which squeezes aluminum through a die, as tooth paste is squeezed through a tube. Completed, it is smooth on one side, with a series of T-shaped ridges on the other.

These ridges are the stiffening. Officers of the Air Materiel Command have found that the plates will carry severe stresses with fewer supports inside the plane. This reduces the number of spars and rivets now used. The obvious advantage is reduction in weight and simpler internal construction of airplanes.

The new plates were shown recently at the company's Phoenix plant to experts from most of the leading airplane manufacturers in the United States. Earlier, the Air Materiel Command had let an experimental contract to one company to build planes with the new sheets as a "skin."

### United States Production Of Uranium Has Increased

WASHINGTON — United States production of uranium has increased.

The chairman of the senate-house atomic energy committee reports that the atomic energy commission now gets more uranium from this country than from Canada.

Canada along with the Belgian Congo has heretofore been one of the principal suppliers of uranium for the United States. The Congo, however, is still the biggest.

The statement means that uranium production from the low grade ores found on the Colorado plateau has made marked strides in recent months.

War is seen reducing the earnings of savings banks.

## News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 3, 1925)

J. W. Jennings won first place in the county exhibits at the Wichita Falls Fair.

N. E. Jameson brought the first bale of cotton to Canyon on Saturday.

President J. A. Hill says that requests had been filed for two buildings on the campus from the next session of the legislature: an education and library building.

An electric high line from Canyon to Happy will be under construction in the near future.

A large black diamond rattlesnake was killed in the Palo Duro, the largest of its kind ever seen here.

A. M. Smith is exhibiting a violin which has been proven to be 250 years old.

Ray Daniel was elected president of the senior class of the college.

Announcement of the marriage of Major Ralph Cousins to Miss Joan O'Conner of New York has been received here. Major Cousins is the son of the first president of W. T.

Citizens of Clovis voted to sell the municipal power plant to the Texas Utilities Co.

### SCHOOL COST

The yearly cost of educating a child in public school rose from \$88 in 1940 to \$206 in 1949, according to a survey by the U. S. Chamber of Commerce. This rise represents a gain of approximately 37 per cent per pupil in terms of "real" dollar value, even though figures would indicate that a smaller percentage of the national income was being devoted to education. New York, with an average pupil expenditure of \$312, led all the list, with only \$73 for each school child.

### 3,000,000-MAN GOAL

The long-range mobilization program for the nation, as now planned, contemplates an Army of eighteen divisions, an Air Force of ninety to 100 groups and a Navy built around twenty-seven aircraft carriers. The total force is expected to number about 3,000,000 men and may cost anywhere from \$20 billion to \$50 billion annually, depending upon the amount of new equipment that is ordered.

### FACTORY WAGES UP

Factory working hours in mid-August soared to World War II levels and average weekly earnings to an all-time record, according to Bureau of Labor Statistics, which reported an average work week of 41.2 hours in mid-August for the 12,700,000 production workers in the nation's factories. Average weekly pay in manufacturing industries went up \$1 within a year to an all-time record of \$60.28 for the same period.

### BOOKS

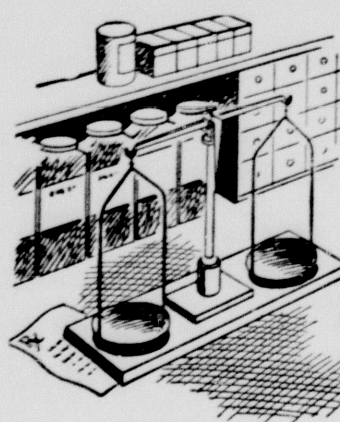

"The Effect of Atomic Weapons," "The Effect of Atomic weapons," has sold close to 45,000 copies since its publication a few weeks ago, but its sales are not expected to outstrip that of the Government's best seller, "Infant Care." That booklet, prepared by the Children's Bureau, originally in 1913, has a record of more than 6,000,000 copies sold to date.

### THE STICKS

**Train Wreck**  
Too Many Movies

CARUTHERSVILLE, Mo. — Too many movies proved a bad thing for 15-year-old William L. Godsey.

The boy admitted wrecking a Frisco passenger train and told officers he got the idea from watching a movie about the notorious Dalton gang.

The boy confessed to breaking a switch lock and a signal light near Holland, Mo. A Memphis to St. Louis train hit the switch at 50 miles an hour and jumped the rails, killing the engineer and injuring 13 persons.

The boy said the movie he saw showed the Daltons wrecking a train. The title of the picture was not learned. The Dalton gang operated in the mid-west half a century ago.

Young Godsey said he didn't intend to wreck the train and thought that turning the switch would merely send it into a siding.

**Sourdough Survives Bear Fight With Pocketknife, Speed**

FAIRBANKS, Alaska — "You ought to see that bear," says the man who fought one with a willow switch and a pocketknife. But you ought to see sourdough Dan Gillis, 76, who is nursing bites and scratches and a cut in one arm where the bruin's teeth went completely through.

Gillis said he was walking along a trail near his cabin at Dome Creek, about 20 miles northwest of Fairbanks, swinging a willow branch to brush away the mosquitoes.

"I heard footsteps. I turned around to see a big black bear keeping step with me," he said.

Gillis said he brandished the willow branch, which was decidedly the wrong thing to do. The bear charged, knocking the old man down. By some fluke he fell toward the animal, he said, pushing the bear off balance.

"That gave me time to pull out my pocketknife."

While the bear was clawing at him, Gillis said, he closed in and let the bruin have a few slashes over the heart. The bear lurched back and Gillis ran for the road with the animal's hot "breath on my neck."

A crew car of the Fairbanks Exploration Co. had been left in the road by a group of mining men. Gillis squeezed into the cab and slammed the door in the bear's face.

"The bear stood and considered the situation. Finally his lip curled in a sneer of disgust and he lumbered off," the old-timer said.

When the mining men returned to the car, they found Gillis bleeding badly from cuts.

**Newspaper Advertising Sales Set All Time High**

NEW YORK—Newspapers remain the best advertising means according to latest reports.

Newspapers led the nation in advertising sales last year, the Magazine Printers' Ink reports with a total volume of newspaper advertising amounting to \$1,905,000,000, an all time high.

The newspaper percentage was 36.6 of the total with direct mail advertising accounting for the second largest share with 14.5 per cent. The direct mail method was 9.6 per cent higher than last year and amounted to \$755,600,000.

Radio was the third largest segment with 12.2 per cent of the total. Radio advertising amounted to \$633,800,000, an increase of 2.7 per cent over 1948.

Magazines fell behind the previous year by 3.9 per cent. Farm papers advanced .5 per cent, business papers were down 1.1 per cent, outdoor advertising fell 8 per cent, and the miscellaneous group advanced 6.8 per cent.

The survey showed that total volume of all advertising amounted to \$5,202,200,000 in 1949, an increase of 7 per cent over 1948.

**Florida Snake Hunters Find 10 Foot 'Baby' Boa**

JACKSONVILLE, Fla. — A boa constrictor has been captured in Florida according to reports of Dr. W. T. Neill, biologist and college professor.

Dr. Neill and Ross Allen, head of a Florida reptile institute, caught the reptile which weighed 45 pounds and was 10 feet long. They were looking however, for one reportedly 30 feet long which was believed to have escaped from a circus train 53 years ago.

The boa was found half buried in an armadillo hole. Instinctively timid, the snake lay still while Allen and Dr. Neill shoveled away dirt 10 feet away and uncovered the tail. Allen pounced on the snake's head and Neill caught the other end.

"We stretched it," Allen said. "It's weak as a kitten when strung out."

Old-timers living along the swamp's rim remember when a circus train derailed near there in 1897. A giant boa constrictor was said to have escaped in the accident.

The men declared there were probably others in the same area.

Armed forces set 3,000,000-man goal in long-range program.

## Great Prosperity Is Squandered by Public Waste

Senator Byrd has summed up, in telling words, the financial experience of this government since the end of the last war.

"In these five years," he said, "we have squandered the greatest prosperity ever to come to any nation. The Federal government has collected far more taxes than ever before. It has spent far more money on purely domestic-civilian programs than ever before. It has spent far more money abroad than ever before. It has spent far more money for defense than ever before without achieving preparedness. And we have failed to curtail the greatest public debt any nation has ever known."

This is not a matter of crying over spilt milk. It is true that the ghastly waste of the past cannot be retrieved. But the failures of yesterday can serve as a guide for today and tomorrow.

Pending measures, which have the near-unanimous approval of Congress, will bring the cost of national defense alone to \$30,000,000,000 a year and perhaps much more. In the battle for survival in which we are engaged, such costs may continue indefinitely. In the light of this, what conceivable excuse can there be for domestic spending which can either be postponed or abandoned entirely? To take a single outstanding example, all the public-power fanatics are still in full cry with their proposals for billions of dollars for socialized electric plants and facilities. Yet these would not produce a single kilowatt of juice which would not be produced by the heavily taxed, publicly regulated utility industry if it is given the chance.

Many more examples could be cited — including the all-inclusive social security scheme—whose cost cannot even be accurately estimated. It is said that the Russians look forward to the collapse of the capitalist nations, particularly the United States, from inner weaknesses. If our criminal governmental waste continues, the Russians will eventually be proved right.

### A Sure Thing

"Wung Nung," said the magistrate, "you are charged with conducting games of chance. Have you anything to say for yourself?"

"Yes, your honor," replied the Chinaman. "Me no play game of chance. Cards all marked, dice all loaded, me win every time. No chance at all."

### Tit For Tat

Mrs. Brown was complaining to her doctor that his bill was too high.

"Don't forget," he reminded her, "that I made 11 visits to Tommy when he had the measles."

"Don't you forget," she replied, "that Tommy made you wealthy by giving it to the whole school."

Rise of 37 per cent in school costs per pupil is noted.

No profit grows where there is no pleasure taken.—Shakespeare.

We, by our sufferings, learn to prize our bliss.—Dryden.

Paris still clings to the small hat, survey styles reveals.

Menzies says defeat in Korea would bring new Red thrusts.

Truman bars rush for profits tax in "quickie" bill.

Dr. George Gabler who aided the devising of basketball, dies.

Tito says he would fight "aggressor" in any war.

Army develops field switchboard thirty pounds lighter.

Twelve metropolitan areas gave U. S. 35 per cent of census gain.

Large industries building up staffs for war orders.

Electricity costs cut 7 per cent in 10 years, power body reports.

Korean war lifts U. S. industrial output to six-year high.

They that can give up essential liberty to obtain a little temporary safety deserve neither the liberty nor the safety

*Benjamin Franklin*

AMERICA IS THE . . .

*Land of the Free*

BUT AMERICA IS NOT THE LAND OF THE FREE HANDOUT

Our Nation was founded on the principle that Freedom must be paid for—and is well worth paying for.

The American people have made great sacrifices in payment for liberty.

But they have refused to sacrifice liberty for promised "security" . . . to trade freedom for the spurious "safety" of State Socialism.

This firm is proud to be part of a community and a country where each American is free to worship

as he chooses—and grants that same privilege to his neighbor . . . where a business is free to create a better product, and to compete in the open market for patronage.

Unfettered by political controls, American medicine has made this the healthiest, strongest Nation in the world. Socialized medicine would endanger our physical health, our economic welfare and our political freedom.

With American medicine, we say . . .

Let's keep our right to manage our own lives... to earn our liberty...to keep America the
